Cartier 1900 1939:

Cartier: 1900-1939, 19?? **Cartier, 1900-1939** Judy Rudoe, 1997 The reputation of the Maison Cartier de Paris was established by the end of the 19th century when it became the major supplier of jewellery to the European aristocracy and their American counterparts This catalogue first published to accompany exhibitions at the Metropolitan Museum of Art New York and the British Museum provides an insight into the world of Cartier and its clients from Indian Maharajas to courtiers and film stars In addition to 220 items of jewellery and decorative accessories illustrated and described in detail the book also includes contemporary archive photographs over 70 highly finished designs for pieces and a group of newly discovered plaster casts recording major pieces which no longer survive **Cartier, 1900-1939**, 1997 **Cartier**, 1999 The Indian Princes and their States Barbara N. Ramusack, 2004-01-08 Although the princes of India have been caricatured as oriental despots and British stooges Barbara Ramusack's study argues that the British did not create the princes On the contrary many were consummate politicians who exercised considerable degrees of autonomy until the disintegration of the princely states after independence Ramusack's synthesis has a broad temporal span tracing the evolution of the Indian kings from their pre colonial origins to their roles as clients in the British colonial system The book breaks ground in its integration of political and economic developments in the major princely states with the shifting relationships between the princes and the British It represents a major contribution both to British imperial history in its analysis of the theory and practice of indirect rule and to modern South Asian history as a portrait of the princes as politicians and patrons of the arts *Le Cartier*, 1969* **Treasures from India: Jewels from the Al-Thani Collection** Navina Najat Haidar, Courtney Ann Stewart, 2014-10-27 India's rich heritage of jeweled artistry is expressed in extravagant and opulent creations that range from ornaments for every part of the body to ceremonial court objects such as boxes daggers and thrones Treasures from India presents more than sixty iconic works from the renowned Al Thani collection including pieces created for the imperial Mughals in the seventeenth century others made for the nizams of Hyderabad and the maharajas of the Rajput courts from the eighteenth to the twentieth century Indian inspired jewelry fashioned by Cartier and other Western firms and contemporary designs The lucid text discusses the significance of these objects within the history of Indian jeweled arts demonstrating how they stand among the highest expressions of Indian culture **Jewellery 1840-1940** Fritz Falk, Schmuckmuseum Pforzheim, 2004 A sweeping survey of a century of European jewellery Presents selected gems from the vast collection owned by the Schmuckmuseum Pforzheim **Jewelry Talks** Richard Klein, 2012-02-15 Campy bitchy outrageous and quite a bit more than over the top Abby Zinzo describes himself as a cross between Auntie Mame and Louis the Sun King Abby has lived a life dedicated to pleasure and nothing has given him more pleasure than owning wearing or merely contemplating the lustrous objects with which women and men have always adorned themselves In this sexy funny book that is part novel and part thesis on jewelry Abby sits down to record everything he has learned over a lifetime planning

to leave this story along with his collection of valuable stones to his beloved niece Zeem He recounts the history of famous gems like the fabulous Koh i Noor and the brilliant blue Hope diamond and regales us with naughty tales of the women who made the beautiful jewelry their own including Coco Chanel the Duchess of Windsor and Elizabeth Taylor He also narrates his own sensational life from Harvard undergraduate to dancer in a notorious Paris drag cabaret to his twilight as a man for whom gender is just another glittering ornament Sharp fascinating and sparkling with its own inner fire Jewelry Talks is precious gem in and of itself

French Art Deco Jared Goss,2014-09-30 Art Deco the term conjures up jewels by Van Cleef such as Cubism and Fauvism and a taste for the exotic all of which converged in exceptionally luxurious and innovative objects While the practice of Art Deco ended with the Second World War interest in it has not only endured to the present day but has grown steadily Based on the Metropolitan Museum s renowned collection French Art Deco presents more than eighty masterpieces by forty two designers Examples include S e et Mare s furniture from the 1925 Exposition Dufy s Cubist inspired textiles Dunand s lacquered bedroom suite Dupas s monumental glass wall panels from the SS Normandie and Fouquet s spectacular dress ornament in the shape of a Chinese mask Jared Goss s engaging text includes a discussion of each object together with a biography of the designer who created it and is enlivened by generous quotations from writings of the period The extensive introduction provides historical context and explores the origins and aesthetic of Art Deco With its rich text and sumptuous photographs this is not only one of the rare books on French Art Deco in English but an object d art in its own right

Art Index Alice Maria Dougan,Margaret Furlong,1999

Portraits in Princely India, 1700-1947 Rosie Llewellyn-Jones,2008 Since Independence the princes and regional rulers of India have mostly been seen as anachronistic figures too closely associated with the former colonial government and often a byword for extravagance sybaritic lifestyles and mild despotism When in 1967 they were stripped of their privy purses by Prime Minister Indira Gandhi there were more protests in Britain than in India No serious efforts have been made to put these men and a few women in a pictorial context to examine the differing styles of portraiture favoured by them and the motives behind the pictures until now The more one gazes at these important but hitherto neglected works of art the more questions are raised This book attempts to answer and interpret some of them The arrival of European painters in late 18th century India presented a new opportunity for Indian rulers to commission self portraits of a different kind and also to influence indigenous artists in new styles and paint mediums The arrival of photography brought a further opportunity for them to be pictured in different ways
