Let This Hold You Over Shawayne Dunstan,2025-12-13 *Let This Hold You Over* is the latest poetry collection from Banff based author artist and entrepreneur Shawayne Dunstan who has penned thirteen books since 2016 including *Tumblebug Wallflower* and *Rise of Shaweezy* In this new collection Shawayne expands on themes of dedication love and maturity weaving verses that speak to resilience identity and the quiet triumphs of the human spirit With imagery that flows from mountains and clouds to suits and aromas his poetry captures the contrasts of life friendship and solitude struggle and healing heartache and hope Each poem becomes both a mirror and a refuge offering readers a chance to pause reflect and carry forward a renewed sense of strength *Let This Hold You Over* is more than poetry it is a reminder that even through silence struggle or uncertainty there is beauty growth and light waiting to be embraced [Textual Emotion Classification Using Deep Broad Learning](#) Sancheng Peng,Lihong Cao,2024-09-27 In this book the authors systematically and comprehensively discuss textual emotion classification by using deep broad learning Since broad learning possesses certain advantages such as simple network structure short training time and strong generalization ability it is a new and promising framework for textual emotion classification in artificial intelligence As a result how to combine deep and broad learning has become a new trend of textual emotion classification a booming topic in both academia and industry For a better understanding both quantitative and qualitative results are present in figures tables or other suitable formats to give the readers the broad picture of this topic along with unique insights of common sense and technical details and to pave a solid ground for their forthcoming research or industry applications In a progressive manner the readers will gain exclusive knowledge in textual emotion classification using deep broad learning and be inspired to further investigate this underexplored domain With no other similar book existing in the literature the authors aim to make the book self contained for newcomers only a few prerequisites being expected from the readers The book is meant as a reference for senior undergraduates postgraduates scientists and researchers interested to have a quick idea of the foundations and research progress of security and privacy in federated learning and it can equally well be used as a textbook by lecturers tutors and undergraduates *Handbook of Stress in the Occupations* Janice Langan-Fox,Cary L. Cooper,2011-01-01 *The Handbook of Stress in the Occupations* sets a new agenda for stress research and gives fresh impetus to scholars who wish to focus on issues and problems associated with specific jobs some of which have received little attention in the past Written by researchers who are true experts in the field of each occupation this comprehensive Handbook reviews stress in a wide range of jobs including transport education farming fishing oil rig drilling finance law enforcement fire fighting entrepreneurship music social services prisons sport and health including surgery internship dentistry nursing paramedics psychiatry and

social work Several occupations such as oil rig drilling are reviewed these jobs have always been stressful but have received little attention by researchers and only now receive more focus due to the Bay of Mexico accident Other occupations demand more of our attention because there have been substantial technological changes in particular jobs such as in dentistry nursing and surgery This lucid and insightful compendium will be a source of inspiration for those in the helping professions and all those individuals working in the industries described in the book More specifically the Handbook will strongly appeal to human resource specialists psychologists occupational health and safety professionals managers nurses and therapists Written in highly accessible language it will also provide rich reading to lay audiences including job incumbents themselves as well as specialists in industry and academia Academics and postgraduate students of business management and psychology will find plenty of detailed information regarding stress associated with occupations

Emotion and Proactivity at Work Kelly Z. Peng, Chia-Huei Wu, 2021-04-16 EPDF and EPUB available Open Access under CC BY NC ND licence Individuals behaviours at work are known to be shaped by cold or cognitive motivational processes as well as hot or affect motivational processes To date employee proactivity research has mainly focused on the cold side But emotion has been proposed to energize employees proactivity especially in interdependent and uncertain work environments In this pioneering work expert scholars offer new thinking on the process by examining how emotion can drive employees proactivity in the workplace and how in turn that proactivity can shape one s emotional experiences
