Handbook of Equality of Opportunity ,2024-07-12 This Handbook provides an authoritative exposition of equality of opportunity It presents the different concepts most commonly associated with equality of opportunity and discusses the many problems dominating the controversies on equality of opportunity at the theoretical policy or practical level The chapters give a concise exposition of the different conceptions and basic concepts of equal opportunities They clarify variables that are part of the algorithm of equal opportunities e g opportunity equality non discrimination fairness responsibility chance and choice excellence qualifications effort talent merit

desert inequality and risk The idea of equality of opportunity has traditionally been associated with a set of largely unquestioned ideals and over the last 50 years it has been at the very centre of the major progressive social changes and firmly entrenched in political rhetoric Yet the idea of equality of opportunity is far from unquestionable or unproblematic as the only solid assumption different conceptions have in common is their rejection of fixed social relations but not hierarchy itself Disagreements over the fundamental principles criticism over the inefficiency of policies aiming to ensure equal opportunities and objections to their unfairness all pose questions that current conceptions answer in different ways This Handbook examines a wide variety of questions about issues of motivation procedures genealogy taxonomy and compensation

When Texas Prison Scams Religion Michael G. Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars

The Hindu Law Journal ,1921 **Ernst Cassirer and the Autonomy of Language** Gregory S. Moss,2014-11-12 Ernst Cassirer and the Autonomy of Language examines the central arguments in Cassirer s first volume of the Philosophy of Symbolic Forms Gregory Moss demonstrates both how Cassirer defends language as an autonomous cultural form and how he borrows the concept of the concrete universal from G W F Hegel in order to develop a concept of cultural autonomy While Cassirer rejected elements of Hegel s methodology in order to preserve the

autonomy of language he also found it necessary to incorporate elements of Hegel's method to save the Kantian paradigm from the pitfalls of skepticism. Moss advocates for the continuing relevance of Cassirer's work on language by situating it within the context of contemporary linguistics and contemporary philosophy. This book provides a new program for investigating Cassirer's work on the other forms of cultural symbolism in his *Philosophy of Symbolic Forms* by showing how the autonomy of culture is one of the leading questions motivating Cassirer's philosophy of culture. With a thorough comparison of Cassirer's theory of symbolism to other dominant theories from the twentieth century including Heidegger and Wittgenstein, this book provides valuable insight for studies in philosophy of language, semiotics, epistemology, psycholinguistics, continental philosophy, Neo-Kantian philosophy, and German idealism.
