- Choice of 4 Dozers — (see separate dozer specification sheet)
- Backhoe digs 14' reaches 19'7 1/2"
- Foot pedal controlled 190° swing
- Easy On/Off design

FEATURES

- Does, dig with one outfit.
- Choice of Power Angling, Power Tilt, Power Angle/Tilt or Mechanical Angling Dozer.
- 14' Case-built Backhoe cuts deeper, reaches further than competitive-price rigs. Foot controlled swing with cushioned stops frees hands for boom and bucket controls. Swivel production, provides precise cutting, extra dig-and-dump cycles per hour.
- Easy On/Off Backhoe design frees backhoe from dozer in minutes for high-production backfilling and other dozer applications.
- 3 sizes of backhoe buckets available.

CRAWLER FEATURES

- Choice of gasoline or diesel power. Both engines develop greater torque at lower rpm than other engines in their class, reduce clutching and shifting.
- Positive Superlip shearing maneuver full loads in rough, muddy terrain, easily handles loads on bumps — with power and traction on both tracks.
- Fast shift pattern speeds forward-reverse cycling.
- Swaged, rigid track frames absorb side thrusts. Five track rollers are ball-bearing mounted for easier friction-free rolling.

A Case 310 Series G Dozer/Backhoe combination is an all-purpose unit capable of dozing and digging or trenching with efficiency... thus realizing the maximum earning capacity and usefulness of the 310 Series G. The combination can practically match the work output of two single units — a dozer and a backhoe. This results in a substantial savings in original investment (one machine to purchase, instead of two), operating cost (one machine to maintain, one operator, instead of two), and transportation time (the entire unit is self-contained, and can be easily loaded). The 310 Series G track-type Dozer/Backhoe can work in areas often inaccessible to wheel units, and to single-purpose crawler-mounted backhoes as well.

The entire unit is built by Case — thus affording one source of service, parts and responsibility.

Equally important, the entire unit — dozer/tractor/backhoe — can be purchased for hundreds — even thousands of dollars less than other similar units in its rated class.
