Case Scenarios For Teaching And Learning Social Work Practice:

Case Scenarios for Teaching and Learning Social Work Practice Shirley M. Haulotte, Jane A. Kretzschmar, 2001 Suitable for practice courses at the BSW or MSW levels the 40 carefully crafted vignettes in this collection are drawn from actual cases and combine practitioner expertise rigorous scholarship and current social work knowledge A wide range of settings client systems and problems are presented as are suggestions for assessing the information provided and formulating an intervention plan The first three units are organized chronologically proceeding from beginning to middle and ending phases of practice with clients Unit four includes cases focusing on special issues exceptions to the rule in social work practice such as conflicting values and ethics working with diverse populations and working with involuntary clients Readers interested in focusing on particular groups and kinds of issues will also find a helpful index of cases organized by issue and client population

Decision Cases for Advanced Social Work Practice Terry A. Wolfer, Lori D Franklin, Karen A Gray, 2013-11-19 These fifteen cases take place in child welfare mental health hospital hospice domestic violence refugee resettlement veterans administration and school settings and reflect individual family group and supervised social work practice They confront common ethical and treatment issues and raise issues regarding practice interventions programs policies and laws Cases represent open ended situations encouraging students to apply knowledge from across the social work curriculum to develop problem solving and critical thinking skills An instructor's manual is available on the press's website

Dilemmas in Social Work Field Education Terry A. Wolfer, Melissa Reitmeier, 2021-07-20 Field education is social work's signature pedagogy the essential preparation for professional practice Its success depends on field educators field instructors task supervisors or preceptors and faculty field liaisons to guide and assess student learning and maintain the pedagogical integrity of the field experience Despite its importance and complexity few resources exist for orienting and preparing field educators This anthology presents decision cases that depict the actual experiences of social work field educators and students They showcase the complex dynamics of field education and highlight a range of dilemmas experienced by novice and seasoned field educators In various combinations the dilemmas include interpersonal boundaries emotional reactivity initiative expectations role confusion inadequate performance accountability interpersonal conflict personal values and impairment The cases show how other field educators have navigated the issues that typically arise with greater or lesser success The cases portray the intricacy and rewards of this educational role and are selected for their ability to facilitate in depth discussion among field educators during their initial training or continuing education Guided discussions of these cases can bolster supervisory competence and confidence They enable field educators to develop important problem solving and critical thinking skills related to their overlapping roles as instructors supervisors mentors advisors colleagues and role models helping them thrive and continue to serve the profession An accompanying instructor manual provides extensive information for each decision case and also includes guidance for field directors on how to use the case method of teaching

and sources for additional information **Practice Education in Social Work** Janet Walker, Karin Crawford, Jonathan Parker, 2008-07-02 Written specifically for practice educators this book examines contemporary theories and knowledge in practice learning teaching and education with a clear emphasis on developing the skills and practice of the individual Another key focus of the book is to help readers to reflect on the implications of this for their role as practice educators giving them the time and space to make proactive and informed choices The book is structured around the new Post Qualifying Standards for Practice Education making it an invaluable and thoroughly comprehensive guide **Case Studies in Social Work Practice** Craig W. LeCroy, 1992 Social work practitioners share their fascinating real life experiences in this thoroughly updated new edition filled with interesting and relevant case studies The Second Edition of LeCroy's popular text includes an array of interesting case study material that enlighten students about the day to day practice of social work and includes material that is too often ignored in social work textbooks Students will see what these professionals actually face every day as they learn to integrate theory and practice by studying how practitioners have applied general social work principles to particular case situations in the real world Craig Winston LeCroy co author of Brooks Cole Wadsworth's groundbreaking book with Jose B Ashford and Kathy L Lortie *Human Behavior in the Social Environment A Multidimensional Perspective* has delivered another solid hit with this impressive book that encourages a vicarious journey into social work practice **Journal of Education for Social Work**, 2009 *Radical Challenges for Social Work Education* Jane Fenton, 2022-04-19 This book is full of ideas about how social work education can confront the individualising and often blaming form of social work that neoliberalism ushered in four decades ago Radical social work is an approach to social work that has at its heart the departure from solely behavioural moral or psychological understanding of service users problems Social work had originally been concerned with the moral character of people in trouble usually poor people making a clear division between those who were deserving of help and those who were undeserving The rise of science and the psychology disciplines then led to psychological explanations for the difficulties people found themselves in Both explanations for social problems moral and psychological with their narrow focus on the individual have been enjoying a renaissance in recent times with the neoliberal self sufficiency narrative moral and the more recent focus on trauma psychological Radical social work challenges those explanations concerned as it is with the circumstances a person might find themselves in poverty poor housing poor education high crime rates and lack of opportunities of all kinds This book is a step towards resurrecting radical social work principles and it urges us to think about how social work education can be reshaped to that end *Radical Challenges for Social Work Education* is a significant new contribution to social work practice and theory and will be a great resource for academics researchers and advanced students of Politics Education Social Work Sociology Public Policy Development Studies Anthropology and Human Geography The chapters in this book were originally published as a special issue of the journal *Social Work Education* *Social Work Education Reporter*, 2002 *Creating Learning Scenarios*

McClelland, 1998 Encyclopedia of Case Study Research Albert J. Mills, Gabrielle Durepos, Elden Wiebe, 2009-10-21 Case study research has a long history within the natural sciences social sciences and humanities dating back to the early 1920 s At first it was a useful way for researchers to make valid inferences from events outside the laboratory in ways consistent with the rigorous practices of investigation inside the lab Over time case study approaches garnered interest in multiple disciplines as scholars studied phenomena in context Despite widespread use case study research has received little attention among the literature on research strategies The Encyclopedia of Case Study Research provides a compendium on the important methodological issues in conducting case study research and explores both the strengths and weaknesses of different paradigmatic approaches These two volumes focus on the distinctive characteristics of case study research and its place within and alongside other research methodologies Key Features Presents a definition of case study research that can be used in different fields of study Describes case study as a research strategy rather than as a single tool for decision making and inquiry Guides rather than dictates readers understanding and applications of case study research Includes a critical summary in each entry which raises additional matters for reflection Makes case study relevant to researchers at various stages of their careers across philosophic divides and throughout diverse disciplines Key Themes Academic Disciplines Case Study Research Design Conceptual Issues Data Analysis Data Collection Methodological Approaches Theoretical Traditions Theory Development and Contributions From Case Study Research Types of Case Study Research Advanced Social Work Practice Joan Ellen Dworkin, 2005 Dr Joan Dworkin has been a Professor in the Division of Social Work California State University Sacramento since 1994 She teaches advanced social work practice and social work practice with HIV and AIDS in the graduate program Her primary specialty areas are mental health public health HIV and AIDS professional education and divorce mediation and she has experience in provision of clinical services in community mental health and in development of primary prevention programs Multilevel Social Work Practice A Case Study Manual features over 20 cases addressing diverse and ethnic clients and groups so that introductory practitioners can understand the close relationship between their clinical work which is client focused and working for social justice which most frequently is population focused Through the cases content and accompanying activities and resources for further research social workers will develop the ability to fully address the concerns and problems of the people they work with and will be able to act on them simultaneously *Case Studies in Generalist Practice* Robert F. Rivas, 1996 This new book is a compilation of actual cases submitted by social workers and faculty teaching social work courses The authors Robert Rivas and Grafton Hull selected cases that would best help students acquire the range of skills theyll need to become effective helpers such as how to apply what they learn and how to determine what to do to offer the client maximum help This case study approach enables students to participate in learning

experiences prior to field instruction courses and it also provides opportunities to discuss common experiences Published in workbook form each case includes helpful guidelines in the form of questions that can be used to help students in their analyses and learning
