*Cases and Problems in Criminal Law* Myron Moskowitz,2011 **Cases and Problems in Criminal Procedure: the Police** MYRON. MOSKOVITZ,Elizabeth Boals,J. Dillard,2025-11-30 This problem based textbook creates for law students the experience that lawyers have when analyzing the constitutional issues involved in the investigatory phase of a criminal case The problem approach engages students with complex constitutional materials and enhances learning by offering the professor and the students the opportunity to apply the case law that is presented in each chapter Each chapter begins with a layered multi issue problem presented in the form of a memo to a law clerk working in a variety of settings The problem is followed by the relevant body of constitutional law edited to provide manageable material for law students and includes many notes offering direction to the students as they develop analytical skills California Criminal Law Steven F. Shatz,2011 This book emphasizes cases and problems as a vehicle for teaching students how to read and understand cases and statutes and to construct legal arguments The cases are presented in relatively complete form often with concurring and dissenting opinions in order to give students examples of fully developed legal arguments The many short problems throughout the book are all taken from real cases and ask the students to develop the appropriate legal arguments based on the cases they have read Each chapter begins with an introduction to give background to the cases and to outline the issues to be explored Notes which have been kept to a minimum are generally used to extend the students analysis by asking them to consider theoretical or policy issues raised by the cases or alternative approaches contained in the Model Penal Code or other jurisdictions The Third Edition includes many new and influential California cases as well as new problems continuing the commitment to showing the students current developments in the criminal law A Teacher s Manual is available to professors Cases and Materials on Criminal Law Janet Dine,James Gobert,William Wilson,2010-09-30 An array of

**California Criminal Law** JOHN E.B. MYERS,2019-08-14 California Criminal Law 3rd Ed is a comprehensive casebook on California criminal law This casebook is for professors who emphasize case analysis and black letter law over legal theory Thus the book is practical and practice focused The book includes many cases to help first year students master the art of case briefing As well the book has many problems that challenge students to apply the law The problems are well suited for class discussion Most students appreciate the focus on California law The book prepares students for internships in DA and PD offices The book is designed to prepare students for criminal law questions on the bar exam Although the emphasis is California law the book prepares students for the multistate bar examination by covering the principles of criminal law tested on the multistate exam Thus the book prepares students for the bar in other states Because California is not a Model Penal Code state and because the MPC is not tested on the bar the book places less emphasis than many casebooks on the MPC For a number of topics the book compares the MPC approach to California law
