Aussie ,1920 AUSSIE AUSSIE AUSSIE Ben Pobjie,2017-08-01 If you think you know all about Australia s heroes and villains think again In Aussie Aussie Aussie Ben Pobjie burrows beneath the mythology to provide an intimate look at the Australians who helped make our nation great as well as the ones who stopped us from being as great as we could have been but who have ended up with their own Wikipedia pages anyway Meet pioneers such as Charles Kingsford Smith whose groundbreaking efforts moved the country forward artists and entertainers such as Joan Sutherland who shaped our national cultural identity captains of industry such as Rupert Murdoch who inspired Australia s love affair with people who amass phenomenal quantities of personal wealth and humanitarians such as Mary MacKillop who found fame by dedicating their lives to others and guilt tripping the rest of us Aussie Aussie Aussie is the book for any proud Australian seeking to learn more about the national heroes that make our own pathetic lives seem so insignificant Australian History For Dummies Alex McDermott,2022-03-22 Discover the fascinating details that make Australia the country it is today Australian History For Dummies is your rough and ready tour guide through Australia s whirlwind past We ll introduce you to the people and events that have shaped this Land Down Under and why it s called that anyway You ll see how Indigenous Australians lived in Australia for over 65 000 years You ll be there as British colonists explore Australia s harsh terrain You ll appreciate the impact of the world wars And you ll delve into the recent past giving you insight into modern day Australia and what s next Australia is a place unlike any other place and its wild history with more ups and downs than you ll care to count makes for fascinating reading Bushrangers the gold rush the first female prime minister it s all inside This new edition fills in the last ten years of history and covers issues faced in the 21st century Explore the history of Indigenous Australia from the ancient past to the modern day Watch Australia put itself on the map learn about the intrepid explorers and the discovery of gold Understand how and why the states were united and meet the major players who made it happen Examine the social economic and political changes that made Australia what it is today Students teachers and anyone else who wants to learn more about Australia s background will love this lively authoritative book Relax and be entertained as Australian History For Dummies tells you the stories of the past **Visions and Revisions** Bryoni Trezise,Caroline Wake,2014-02-28 In 1983 US president Ronald Reagan told the Israeli Prime Minister that he as a photographer during World War II had documented the atrocities of the concentration camps on film The story was later exposed as a fraud as it was revealed that Reagan had resided in Hollywood during the entire war Does this mean that Reagan was simply an amoral liar or that he established a connection to the Holocaust that can be said to have evolved from the intersection between real and reel Visions and Revisions Performance Memory Trauma brings the fields of performance studies and trauma studies together in conversation in order to investigate how these two fields both envision and revision one another in relation to crucial themes such as trauma testimony witness and spectatorship According to Peggy Phelan a leading performance studies scholar performance

provides a unique model for witnessing events that are both unbearably real and beyond reason's ability to grasp traumatic events like the Holocaust While Reagan's claim is obviously both paradoxical and problematic it opens up a space in which the potential insights that performance studies and trauma studies might bring to one another become particularly visible The first half of the anthology focuses on issues of spectatorship specifically its ethics and the possibility of witnessing The second half widens the discussion to include memory more broadly shifting the emphasis from sight to site and particularly to site specific works and the embodied encounters they model enable and enact The contributors here fill a critical gap raising questions about how popular and mediatized performances that memorialize trauma might be viewed through performance theory They also look at how performance studies might shift its focus from the visual to the sensorial and material and in doing so they offer a fresh perspective on both performance and trauma studies Writing from different disciplinary vantages and drawing on multiple case studies from South Africa the former Soviet Union Lebanon and Thailand among others the contributors decolonize trauma studies and make us question how and where our own eyes and bodies are positioned as we revision the scenes before us Contributors Laurie Beth Clark Helena Grehan Geraldine Harris Chris Hudson Petra Kuppers Adrian Lahoud Sam Spurr Christine Stoddard Bryoni Trezise Maria Tumarkin Caroline Wake Editors Bryoni Trezise is a lecturer in theatre and performance studies at the University of New South Wales where Caroline Wake is a Post doctoral Fellow in the Centre for Modernism Studies in Australia
