Wetlands and Western Cultures Rod Giblett,2021-05-19 In *Wetlands and Western Cultures Denigration to Conservation* Rod Giblett examines the portrayal of wetlands in Western culture and argues for their conservation Giblett s analysis of the wetland motif in literature and the arts including in *Beowulf* and the writings of Tolkien and Thoreau demonstrates two approaches to wetlands their denigration as dead waters or their commendation as living waters with a potent cultural history

Five Years' Experience in Australia Felix G. H. Haydon, Henry Hainsselin,2017-09-06 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our extensive quality control ensures that the readers of Trieste Publishing s books will be delighted with their purchase Our staff has thoroughly reviewed every page of all the books in the collection repairing or if necessary rejecting titles that are not of the highest quality This process ensures that the reader of one of Trieste Publishing s titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers Generally Trieste books are purchased singly on demand however they may also be purchased in bulk Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates

Henry Handel Richardson **Five Years Experience in Australia Felix** H. Haydon, 2015-06-16 Excerpt from Five Years Experience in Australia Felix Comprising a Short Account My object in writing the following pages is to give the most recent and authentic information concerning the Province of Australia Felix Having been a resident for some years in this fine portion of the British dominions I have had opportunities of witnessing the great changes which have taken place in its affairs during that period I have seen it sink for a season into a state of nearly universal bankruptcy not from any dearth of natural resources not from its inaptitude for colonization but rather from that headstrong spirit of speculation which in all newly formed communities is generally found to prevail This was doubtless the main cause of the late unfortunate crisis that it was not the only source of its depression the reader will perceive by perusing the following pages It ought also to be remembered that at the time affairs in Australia Felix assumed such a desponding aspect all the Australian colonies were suffering in a nearly similar manner I will merely allude to the state of the pet colony of South Australia simply because this part of New Holland was settled about the same period as Australia Felix the charter to the South Australian Company being granted in 1835 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
