Australian Local Government Reform And Renewal:

Australian Local Government Brian Dollery, Neil Marshall, 1997 The last few years have seen unprecedented change taking place in the Australian local government arena In all states the functions and responsibilities of local authorities have been subjected to extensive reform New legislation has redefined the role of councillors Local governments have been required to introduce more efficient and effective management practices and become more open and responsive to their constituencies The scope of traditional regulatory practices has been altered and councils forced to develop a competitive environment for the provision of services The place of local authorities in the intergovernmental landscape has also changed Different forms of interaction between Commonwealth state and local government are evolving along with the emergence of new funding strategies to encourage a regional focus This is the first book to offer a detailed discussion of the reforms that have taken place and at the same time provide an informative and readable analysis for practitioners and students of government politics and public sector management

Divided we Fall: An Insider's Perspective on Local Government Amalgamations Dr Ian Tiley, 2012-12-11 Recent Australian local government structural reform has manifested as council amalgamations and predominantly as imposed merger processes This book examines council amalgamations across Australia over the past two decades and uncovers the case of council amalgamation in the NSW Clarence Valley Council CVC since 2004 The case of forced amalgamation of four general purpose and two county councils could have been a recipe for chaos instead this book describes the gains and the challenges Writing from deep seated knowledge of local government this book details the net positive economic outcomes and financial benefits against measurable indicators and describes the impacts on local democracy Based on detailed research this long term local government insider perspective will be of value to all those interested in driving change through local government reform

Planning Australia Susan Thompson, Paul Maginn, 2012-02-17 *Planning Australia* provides a comprehensive introduction to the major issues and activities that constitute urban and regional planning in Australia today Incorporating contemporary theory and practice it contextualises planning in terms of its theoretical ideological and professional foundations The book adopts an interdisciplinary approach to the subject underpinned by the principles of sustainability and social equity It canvasses the history of the discipline its relationship to broader governance structures and its legislative framework Fully revised and updated this edition features new chapters on healthy planning and transport planning Written in an accessible style and richly illustrated with instructive case study examples *Planning Australia* is an indispensable resource for students practitioners and decision makers as well as anyone interested in the history and future of planning in Australia

Local Government in Australia Bligh Grant, Joseph Drew, 2017-03-06 This book offers a general introduction to and analysis of the history theory and public policy of Australian local government systems Conceived in an international comparative context and primarily from within the discipline of political studies it also incorporates elements of economics and public administration Existing research tends to

conceptualise Australian local government as an element of public policy grounded in an administrative science approach A feature of this approach is that generally normative considerations form only a latent element of the discussions which is invariably anchored in debates about institutional design rather than the normative defensibility of local government The book addresses this point by providing an account of the terrain of theoretical debate alongside salient themes in public policy

Local Government Reform in Victoria State Library of Victoria,1998 **Agenda** ,1998 **Environment & Planning** ,2001-07 *APAIS 1992: Australian public affairs information service* , *The Australasian Journal of Natural Resources Law and Policy* ,1996 **Local Government at the Millenium** Janice Caulfield,Helge O. Larsen,2002-01-31 This volume with contributions by internationally renowned authors provides a comparative survey of problems in local politics and administration in Europe Australasia and North America **Environment and Planning** ,2001

Employment Relations Record ,2004 **Public and Private Sector Partnerships** Luiz Montanheiro,Mirjam Spiering,2001 **Building Developmental Local Government** ,2000 **A Sociology of Australian Society** John Stuart Western,Jakob M. Najman,2000 This new edition of a highly successful text reinforces its standing as a comprehensive introduction to the study of Australian society With a fresh design format and introducing a new level of applied sociology the book builds on the many strengths of the two previous editions Management in Government ,2002 Administrative Law in a Changing State Linda Pearson,Michael Taggart,Carol Harlow,2008-12-02 This book of essays by contributors from all over the world celebrates Mark Aronson s profound contribution to administrative law **A Balancing Act** Jean Drage,2008 New Zealand s local government has been through a significant period of change in the last three decades change that has seen this tier of government restructured reformed and refocused Dr Jean Drage considers the debate that has arisen over recent years about the role of councillors in local government and argues for the representative role to be strengthened **Who's who in Australia** ,2007 The Kennett Revolution Brian J.
