Hooton,1993 Australian Autobiographical Narratives Volume 2 and its partner Volume 1 provide researchers with detailed annotations of published Australian autobiographical writing Both volumes are a rich resource of the European settlement of Australia This selection concentrates on the post gold rush period providing portraits of 533 individuals from amateur explorers to politicians from pioneer settlers to sportsmen Like Volume 1 it offers an intimate and absorbing insight into nineteenth century Australia **Australian National Bibliography** ,1968 **Australian National Bibliography, 1901-1950** ,1988 *The A to Z of Australia* James C. Docherty,2010-04-01 The last continent to be claimed by Europeans Australia began to be settled by the British in 1788 in the form of a jail for its convicts While British culture has had the largest influence on the country and its presence can be seen everywhere the British were not Australia s original populace The first inhabitants of Australia the Aborigines are believed to have migrated from Southeast Asia into northern Australia as early as 60 000 years ago This distinctive blend of vastly different cultures contributed to the ease with which Australia has become one of the world s most successful immigrant nations The A to Z of Australia relates the history of this unique and beautiful land which is home to an amazing range of flora and fauna a climate that ranges from tropical forests to arid deserts and the largest single collection of coral reefs and islands in the world Through a detailed chronology an introduction appendixes a bibliography and cross referenced dictionary entries on some of the more significant persons places and events institutions and organizations and political economic social cultural and religious facets author James Docherty provides a much needed single volume reference on Australia from its most unpromising of beginnings as a British jail to the liberal tolerant democracy it is today A Bibliography of Australian Judaica Serge Liberman,Joy Ruth Young,1987 **Historical Dictionary of Australia** Norman Abjorensen,James C. Docherty,2014-12-05 Australia s development from the most unpromising of beginnings as a British prison in 1788 to the prosperous liberal democracy of the present is as remarkable as is its success as a country of large scale immigration Since 1942 it has been a loyal ally of the United States and has demonstrated this loyalty by contributing troops to the war in Vietnam and by being part of the coalition of the willing in the U S invasion of Iraq in 2003 and in operations in Afghanistan In recent years it has also been more willing to promote peace and democracy in its Pacific and Asian neighbors This fourth edition of Historical Dictionary of Australia covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Australia **A Bibliography of Geography** William Swan Stallybrass (formerly Sonnenschein.),William Swan Sonnenschein,1897 *Australian*

*Bibliography* Dietrich Hans Borchardt, 1966      **The Bibliography of Australian Literature Supplement** John Arnold, Terence O'Neill, 2022-03

The Supplement to the Bibliography of Australian Literature BAL completes the most comprehensive reference to Australian creative writing ever published. The four volumes of BAL recorded details of all separately published creative literature by Australian writers from 1788 to 2000. Core genres covered were poetry, fiction, drama, and children's writing. This Supplement includes some 2700 new Australian authors and over 7000 titles by them. It also provides new and updated information on many of the authors listed in the original four volumes. BAL and the Supplement have no canon. All books and pamphlets in the core genres published by Australian authors are included, regardless of perceived or accepted literary merit. To BAL, the self-published book of verse is as important as the prize-winning novel by an established author. For each work in a core genre, details of the first edition and, where applicable, the first Australian, UK, US, Canadian, and New Zealand editions are listed, as well as significant new or revised editions and translations. Awards won and additional information relevant to individual authors and titles are also included. Where an author has also published in other fields, e.g. biography, titles are selectively listed under Other Works or mentioned in the Comments section. Indexes of titles and pseudonyms and various writing names enhance the extensive alphabetical author listing. This Supplement, like its predecessors, is an essential source for the study of Australian literature to the end of the twentieth century.
