

# Characteristics of Authoritarian States

- What **characteristics** do authoritarian states have? What makes them different to democracies today?
- Little or no freedom of speech
- No freedom of assembly
- No freedom of movement
- No freedom of travel abroad
- No independent judicial system
- All sources of information are censored
- Any opposition is harshly punished
- A leader whose popularity is reinforced by a personality cult

# Authoritarian State

**Marcel A. Müller**

## **Authoritarian State:**

**The New Authoritarianism in Latin America** David Collier, Fernando Henrique Cardoso, Joint Committee on Latin American Studies, 1979 While one of the most important attempts to explain the rise of authoritarian regimes and their relationship to problems of economic development has been the bureaucratic authoritarian model there has been growing dissatisfaction with various elements of this model In light of this dissatisfaction a group of leading economists political scientists and sociologists was brought together to assess the adequacy of the model and suggest directions for its reformulation This volume is the product of their discussions over a period of three years and represents an important advance in the critique and refinement of ideas about political development Part One provides an overview of the issues of social science analysis raised by the recent emergence of authoritarianism in Latin America and contains chapters by David Collier and Fernando Henrique Cardoso The chapters in Part Two address the problem of explaining the rise of bureaucratic authoritarianism and are written by Albert Hirschman Jose Serra Robert Kaufman and Julio Coder In Part Three Guillermo O'Donnell James Kurth and David Collier discuss the likely future patterns of change in bureaucratic authoritarianism opportunities for extending the analysis to Europe and priorities for future research The book includes a glossary and an extensive bibliography

**Neoliberal Democratization and New Authoritarianism** Dennis C. Canterbury, 2019-06-04 Originally published in 2005 Domestic and foreign economic and political policies in the rich capitalist nations in the North and in the poor countries in the South are geared towards globalization and democratization Indeed the dominant view held by countries in the North is that globalization leads to democracy and vice versa and that in turn economic development will result from that process Thus many scarce resources are allocated to bring about globalization and democracy Exploring the dynamics of change that allow for the persistence of authoritarian states in the Third World this illuminating book highlights certain aspects of democratization that have not been investigated fully Anyone interested in development politics and political sociology will draw a plethora of important theoretical insights into globalization authoritarianism and transition democratization from this original study

**Corporate (Social) Responsibility under Authoritarianism** Xu Kang, 2025-11-07 This book provides an in depth exploration of corporate social responsibility CSR in the authoritarian context It challenges prevailing CSR frameworks which largely derive from liberal democratic contexts and overlook how political institutions shape the conceptualisation and practice of corporate responsibility By situating CSR within China's political economic system the book sheds light on how CSR is dynamically interpreted strategically communicated and selectively implemented by corporate and state actors Drawing on a mixed method research design the study analyses both qualitative and quantitative evidence The analysis integrates policy documents regulatory frameworks CSR and sustainability reports from Chinese corporations and in depth qualitative interviews with corporate managers NGO leaders and experts The findings highlight how CSR in China emerges through the normative interplay between market logics and power politics involving

various actors including enterprises state entities and NGOs The book also presents a critical account of how Chinese companies strategically adapt CSR discourses to align with governmental priorities while navigating complex stakeholder relationships A book of vital interest to researchers in business ethics international business and Asian studies it will also appeal to practitioners and policymakers seeking to enhance strategies and policies for responsible business conduct

*Transitions from Authoritarian Rule* Guillermo O'Donnell,Philippe C. Schmitter,Laurence Whitehead,1986-10 An array of internationally noted scholars examines the process of democratization in Southern Europe and Latin America The authors provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy efforts that have met with widely varying degrees of success and failure Extensive case studies of individual countries a comparative overview and a synthesis conclusions offer important insights for political scientists students and all concerned with the prospects for democracy In Volume 3 despite the unique contexts of transitions in individual countries significant points of comparison emerge such as the influence of foreign nations and the role of agents outside the government These analyses explore both intra and interregional similarities and differences

**Encyclopedia of the Developing World** Thomas M. Leonard,2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries
