Autobiography Of Terence O'Neill:

The Autobiography of Terence O'Neill, 1972 **The Autobiography of Terence O'Neill** Terence O'Neill, 1972 A history of the Northern Ireland Labour Party Aaron Edwards, 2013-07-19 This book is the first definitive history of the Northern Ireland Labour Party NILP a unique political force which drew its support from Protestants and Catholics and became electorally viable despite deep seated ethnic religious and national divisions Formed in 1924 and disbanded in 1987 the NILP succeeded in returning several of its members to the locally based Northern Ireland parliament in 1925 29 and 1958 72 and polled some 100 000 votes in both the 1964 and the 1970 British general elections As British Labour s sister party in the province from the late 1920s until the late 1970s the NILP could rely on substantive fraternal and organisational support at critical junctures in its history Despite its political successes the NILP s significance has been downplayed by historians partly because of the lack of empirical evidence and partly to reinforce the simplistic view of Northern Ireland as the site of the most protracted sectarian conflict in modern Europe For the first time this book brings together important archival sources and the oral testimonies of former NILP members to explain the enigma of an extraordinary political party operating in extraordinary circumstances The book situates the NILP s successes and failures in a broad historical framework providing the reader with a balanced account of twentieth century Northern Irish political history This book will appeal to students and scholars of labour movements as well as non specialists who wish to learn more about the NILP s brand of democratic socialism its ideological and logistical ties to British Labour and the character of its cross sectarian membership [A Bibliography of British History](#) Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *Keeping the Faith* Alf McCreary, 2024-05-16 An award winning Belfast journalist reflects on reporting Northern Ireland s Troubles global conflicts and the complex interplay between religion and journalism In this book the award winning Belfast journalist and author reflects on a long career of reporting on the main events in Northern Ireland over the past sixty years and on the aftermath of conflicts in the developing world including Sri Lanka Cambodia Vietnam and Rwanda He covered the worst of the Troubles from the beginning in 1968 69 and reported on some of the most disturbing atrocities such as Bloody Sunday the Kingsmills Massacre and the no warning IRA explosion at the Enniskillen Cenotaph on Remembrance Sunday He has seen religion at its worst and its best and he observes how the Christian faith has sustained so many people in times of great suffering and distress and how the mis practice of this faith has led to division misunderstanding and hostility The author also reflects on his experience of reporting on well known figures in Northern Ireland ranging from Gordon and Joan Wilson whose daughter Marie died in the Enniskillen Cenotaph bomb to the Reverend Ian Paisley He also writes about the courageous and often unheralded bridge builders including the

Reverend Dr Ray Davey the World War II veteran and a Presbyterian minister who founded Corrymeela the Christian inter church centre and who was light years ahead of his church and his society in seeing the urgent need for reconciliation The author offers telling insights into well known individuals in a society with no easy answers to challenging problems and asks why the Christian message has been so badly represented by all the main churches He questions the role of journalists over decades when balanced reporting was so important but at times very difficult and suggests that truth has never been more in danger than it is today His journey of faith through the unholy alliance between religion and politics does not make for easy reading but he still retains his personal faith in the best of human nature which can shine through inspiringly even in the worst of times
