**Communities of Thought** Anthony Crothers Milner, Mary Quilty, 1996 How useful is the idea of Asia Is the term misleading when used as a rubric for so many different countries cultures and peoples What about Australia In what sense is Australia in Asia Australia in Asia Communities of Thought provides a response to these questions rather than simply focusing on the economic structures and processes of the region it expands the debate to consider Asia in terms of communities of thought Introductions to seven societies in the Asian region are provided by leading Australian scholars Geremie Barme on China Leith Morton on Japan James Cotton on Korea Craig Reynolds on Thailand David Reeves on Indonesia Anthony Milner on Malaysia and Judith Brett on Australia Each attempts to characterise the society concerned discussing not only its dominant world views concepts and values but also how each is challenged Together these chapters point to the cultural complexity and dynamism of Asia and to the cultural assertiveness encountered in many parts of the region Like the two other volumes in the Australia in Asia series this book will remind the reader that in seeking a closer engagement with Asia Australians have underestimated challenge they face Addressed to those interested in the Asian region this book is particularly relevant for readers wanting a clear and comprehensive introduction to one of the worlds most dynamic regions *Australia and Asia* Mark McGillivray, Gary Smith, 1997 As a region of economic prosperity Asia has become an increasingly important figure in Australian foreign policy Focusing on the period since WWII this book looks at how relationships between these two regions have evolved the significance of these relationships and what the future holds Covering issues such as cultural ties and perceptions immigration and trade and economic restructuring this book makes a significant contribution to the understanding of Australia s place in the Asian region *Advanced Thought in Europe, Asia, Australia, Etc* Joseph Cook, 1883 *Australia in Asia* Anthony Crothers Milner, Mary Quilty, 1998 This is the third volume in the Australia in Asia series This volume contains case studies on specific engagements or episodes occurring in the interaction between Australia and societies in the Asian region *Advanced thought in Europe, Asia, Australia, &c* Joseph Cook, 1883 *Australia's Asia* David Robert Walker, Agnieszka Sobocinska, 2012 Australia s Asia provides an original compelling and often surprising account of Australia s multiple responses to Asia over the last 150 years Asia has long been at or near the centre of Australian thinking For many Australia s much discussed proximity to Asia appeared as a threat Shadowy Asian figures seemed to lurk around the edge of the continent biding their time Yet proximity also offered new opportunities for trade travel and cultural exchange A great number of Australians were fascinated by Asian societies and cultures relishing the opportunities they offered for new ways of seeing and comprehending the world From the late nineteenth century competing visions of Australia s relations with its region have jostled for attention on the national stage and in private lives **Australia's Ambivalence Towards Asia** J.
