Gerhard Leitner, Ian G. Malcolm

Australian Aboriginal Languages:

Australian Aboriginal Languages Barry J. Blake, 1981 A general introduction to traditional Aboriginal languages and the impact of European settlement

Australian Aboriginal Languages Barry J. Blake, 1991 Second and revised edition of a survey of Aboriginal languages and their relation to tribal life Before European settlement there were over 200 different languages but more than half of these are now extinct Includes a section on Aboriginal words in Australian English First published in 1981

The Habitat of Australia's Aboriginal Languages Gerhard Leitner, Ian G. Malcolm, 2008-08-22 The languages of Aboriginal Australians have attracted a considerable amount of interest among scholars from such diverse fields as linguistics political studies archaeology or social history As a result there is a large number of studies on a variety of issues to do with Aboriginal Australian languages and the social contexts in which they are used There is however no integrative reader that is easily accessible to the non specialist in any of the areas concerned The collection edited by Leitner and Malcolm fills this gap Looking at Aborigines and Torres Strait Islanders and their changing habitats from pre colonial times to the present the book covers languages from a structural and functional linguistic perspective moves on to the issue of cultural maintenance and then turns to language policy planning and the educational and legal dimensions Among the many themes discussed are the social and linguistic history of language contact after 1788 including the Macassans the demographic base of indigenous languages traditional indigenous languages results of language contact such as the modification of traditional languages and the rise of contact languages pidgins creoles esp Kriol Torres Strait Creole and Aboriginal English the impact of the Aboriginal languages on mainstream Australian English maintenance shift revival and documentation of indigenous and contact languages language planning language in education language in the media language in the law courts The contributors are leading experts in their fields The book can serve as a reader for university courses but also as a state of the art work and resource for specialists like applied linguists or educational planners

Australia's Original Languages R. M. W. Dixon, 2019-07-01 A must read for all who would like to understand the languages and culture of Indigenous Australians Dr Ernie Grant Elder of the Jirrbal nation When Captain Cook landed at Botany Bay about 250 distinct languages were spoken across the continent Yet Australian Indigenous languages actually share many common features Bob Dixon has been working with elders to research Australian languages for half a century and he draws on this deep experience to outline the common features He provides a straightforward introduction to the sounds word building and wide ranging vocabulary of Indigenous languages and highlights distinctive grammatical features He explains how language is related to culture including kinship relationships gender systems and naming conventions With examples from over 30 languages and anecdotes illustrating language use and avoiding technical terms Australia's Original Languages is the indispensable starting point for anyone interested in learning about Aboriginal and Torres Strait languages Written in an accessible easy to read style Professor Dixon's new book is an informative and entertaining introduction to

Australia's original languages Dr Joe Blythe Department of Linguistics Macquarie University *The Languages and Linguistics of Australia* Harold Koch, Rachel Nordlinger, 2014-08-19 The Languages and Linguistics of Australia A Comprehensive Guide is part of the multi volume reference work on the languages and linguistics of the continents of the world The volume provides a thorough overview of Australian languages including their linguistic structures their genetic relationships and issues of language maintenance and revitalisation Australian English Aboriginal English and other contact varieties are also discussed

A Handbook of Aboriginal Languages of New South Wales and the Australian Capital Territory James William Wafer, Amanda Lissarrague, 2008 The handbook is a guide to Aboriginal languages with illustrative vocabularies It is divided into two parts the first part which includes maps is a survey of the Indigenous languages of NSW and the ACT giving information about dialects locations and resources available for language revitalisation the second part provides word lists in practical spelling for 42 distinct language varieties There is also useful information on contact languages sign languages and kinship classification as well as an appendix on placenames The handbook is a valuable reference and educational resource useful to Aboriginal people who want to revitalise their language

The Languages of Australia R. M. W. Dixon, 1980-07-24 A study of the more than two hundred different Aboriginal languages of Australia Professor Dixon deals first with the general character of these languages and their use and role in Australia today He stresses that they are in no sense primitive languages but have a rich and complex grammar with the many subtle and distinctive features He goes on to demonstrate this in the first ever study of their genetic relationships probable origins and historical development and their grammatical and phonological behaviour This is in many ways a pioneering work and a fundamental one The Press has already published two major scholarly studies by Professor Dixon of individual Australian languages Dyrbal and Yidin He offers here the synthesis that they pointed towards provisional still in many of its details but sufficiently convincing in outline to stimulate the next stage of professional research to provide the general linguist with the kind of survey to the interested Australian something of the extraordinary linguistic heritage of the continent now and for some time past seriously at risk

Language and Aboriginal Culture in Australia Oliver Röder, 2002-11-06

Inhaltsangabe Abstract This paper is about linguistic imperialism and linguistic ecology in respect of the indigenous languages of Australia The linguistic complexities in Australia are immense as are the fields of research of linguistic imperialism and linguistic ecology Neither is the research in the fields mentioned above terminated nor has the development in Australia reached an end As a result the paper is only able to provide a snapshot The first chapter serves as an introduction The reader should familiarize her himself with the history and culture of a people which is unique and distinct from any other civilization It refers to the initial settlement of the Australian continent as well as it touches in short specific traits of Aboriginal culture Answers are provided to questions like What is language What are the characteristics of Aboriginal languages and Aboriginal English Linguistic imperialism will be discussed in chapter two From what point on can

a relationship between any given subjects be called in its widest meaning imperialistic The chapter refers to Galtung 1980 whose observations are still valid today and gives a historical overview of the rise of the English language from a European Germanic language spoken on the British Islands to a global language especially focusing on the development in the 19th and 20th century Linguistic ecology is a rather new field of research in linguistics Chapter three reflects on a research orientation which developed in the 1960s and 1970s due to Haugen who gave the term ecology a linguistic meaning It tries to show the parallels between biodiversity and cultural linguistic diversity and why it has become so important to be aware that not only plants and animals are seriously endangered and need special protection but also languages Additionally other fields of interest of language ecology are introduced in the chapter The last chapter deals with the impact European settlement had on indigenous language variety and the problems contemporary Australian society is confronted with Australia s language policy will not only be outlined in regard of Aboriginal and Torres Strait Islander s native tongue but also in regard of community languages Which possibilities has the Australian government to deal with the problem and which language maintenance efforts have been called into action so far Inhaltsverzeichnis Table of *Handbook of Western Australian Aboriginal Languages South of the Kimberley Region* Nick Thieberger,1993 Gives location variant spelling classification linguistic situation research and bibliographic information for all languages in regions south of Kimberleys notes on Aboriginal English and Kriol extensive annotated bibliography indexes to variant language spellings and to linguists

Paper and Talk ,1995 An excellent introduction to the complicated issues of language reconstruction this concise guide explores languages that are no longer spoken or those that are spoken by only a few people Each contributor works through some of the complex issues vital to language workers in an accessible easy to read style and exercises throughout the book provide immediate ways to put the ideas into practice and experience the rewards and frustrations of this kind of language work

Handbook of Western Australian Aboriginal Languages South of the Kimberley Region Nick Thieberger,1993 Gives location variant spelling classification linguistic situation research and bibliographic information for all languages in regions south of Kimberleys notes on Aboriginal English and Kriol extensive annotated bibliography indexes to variant language spellings and to linguists

Endangered Austronesian and Australian Aboriginal Languages Gunter Senft,2010 The anthology focuses mainly on endangered Oceanic languages with articles on Vanuatu by Darrell Tryon and the Marquesas by Gabriele Cablitz on situations of loss and gain by Ingjerd Hom and on the Kilivila language of the Trobriands by the editor Nick Thieberger Peter Wittenburg and Paul Trilsbeek and David Blundell and colleagues write about aspects of linguistic archiving Under the rubric of revitalization Margaret Florey and Michael Ewing write about Maluku Jakelin Troy and Michael Walsh about Australian Aboriginal languages in southeastern Australia whilst three articles by Sophie Nock Diane Johnson and Winifred Crombie concern the revitalization of Maori

Australia's Original Languages R. M. W. Dixon,2019 An introduction to Australian Aboriginal and Torres Strait languages that explains their distinctive

features accessibly for readers who have no previous experience with learning another language and shows how language reflects traditional culture *Aboriginal Australians Speak* Eric G. Vászolyi, 1976 Describes the characteristic features of Aboriginal languages in general Aboriginal English and Pidgin English Descriptions given at phonological morphological and grammatical levels Examples drawn mainly from Western Australian languages **Sign Languages of Aboriginal**

Australia Adam Kendon, 1988 This 1988 book was the first full length study ever to be published on the subject of sign language as a means of communication among Australian Aborigines Based on fieldwork conducted over a span of nine years the volume presents a thorough analysis of the structure of sign languages and their relationship to spoken languages

Language and Culture in Aboriginal Australia Michael Walsh, Colin Yallop, 1993 A study of aspects of language and culture in different parts of Aboriginal Australia *Australian Aboriginal Studies*, 1995 Handbook of Australian

Languages Robert M. W. Dixon, Barry J. Blake, 1979 **Language Practices of Indigenous Children and Youth** Gillian Wigglesworth, Jane Simpson, Jill Vaughan, 2017-10-24 This book explores the experiences of Indigenous children and young adults around the world as they navigate the formal education system and wider society Profiling a range of different communities and sociolinguistic contexts this book examines the language ecologies of their local communities schools and wider society and the approaches taken by these communities to maintain children s home languages The authors examine such complex themes as curriculum translanguaging contact languages and language use as cultural practice In doing so this edited collection acts as a first step towards developing solutions which address the complexity of the issues facing these children and young people It will appeal to students and scholars of sociolinguistics applied linguistics and community development as well as language professionals including teachers curriculum developers language planners and educators

The Aborigines of Australia Richard Sadleir, 1883 Shortly after my arrival in the Colony in 1826 I was appointed to a Commission of Inquiry into the state of the Aborigines Previous to that martial law had been proclaimed about Bathurst where the blacks had been committing serious aggressions under Monday their chief My journey extending over 1 600 miles occupied six months I lived partly with these people so as to ascertain their number language habits c and proposed a scheme of reserves as in Canada a border police and missionary education but the cost 6 000 per annum was considered too much and my suggestion was therefore not acted on I was subsequently examined together with Mr Robinson and the Rev Mr Threlkeld before the Committee of the Legislative Council about 1837 from which much information was acquired The present work is part of a large manuscript and I have thought it a favourable opportunity to publish it now that fresh interest is awakened about these people devoting any profits to the Missions lately established within New South Wales

Embracing the Track of Expression: An Emotional Symphony within **Australian Aboriginal Languages**

In a world used by displays and the ceaseless chatter of quick transmission, the melodic splendor and emotional symphony developed by the prepared term often diminish in to the back ground, eclipsed by the constant sound and distractions that permeate our lives. But, located within the pages of **Australian Aboriginal Languages** a wonderful literary prize filled with natural feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, this charming masterpiece conducts visitors on an emotional trip, well unraveling the concealed melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this emotional evaluation, we will investigate the book is central harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
