The Australian Garden Diana Snape,2011 *The New Native Garden* Paul Urquhart,Leigh Clapp,2000 *The Australian Garden* Diana Snape,Barbara Buchanan,2002 *Australian Planting Design* Paul Thompson,2012-04-12

Australian Planting Design identifies and explores all aspects of developing better planting designs on any scale raising awareness of the essential elements and encouraging readers to look with fresh eyes to create anew This new edition guides the reader through all the stages of designing a new garden and helps to visualise the garden through an understanding of space light earth form structures and vegetation It discusses the choosing of plants their form and shape balancing plant types fire and vegetation design and form The final section of the book looks at the dynamic garden and the importance of designing for change Australian Planting Design focuses on how Australian plants may be used in gardens whatever their size function or site It shows the way to use our plants to form a variety of satisfying interesting and purposeful areas for both people and nature As the availability of a much wider range of Australian plants grows so too does our understanding of their qualities and habits Our changing ecological attitudes and broader understanding of local habitats have brought the Australian landscape into sharper focus and we have gained a new appreciation of its value for design expression We are beginning to develop an urban landscape that belongs to the land and garden designs that are more suitable to the environment of tomorrow At last we have Australian plants for Australian places *The New Native Garden, Designing with Australian Plants* Paul Erquhart,2003 *Gardening with Australian Plants* Winston Rodger Elliot,1990 *The Garden of Ideas* Richard Aitken,2010 The Garden of Ideas tells an inspiring and engaging story of Australian garden design From the imaginings of emigrant garden makers of the late eighteenth century to the concerns of twenty first century gardeners this book charts its way across four centuries through a handsome and satisfying fusion of images and text The Garden of Ideas is embellished with an unparalleled array of images paintings drawings prints plans and photographs each richly evocative of their time and most never previously published Unearthed from around Australia and many from overseas these images carry the story of Australian garden style down the years in the process criss crossing social and cultural history across the wide extremes of our continent Richard Aitken whose book *Botanical Riches* was published in 2006 to popular and critical acclaim brings a lifetime of experience to *The Garden of Ideas* He achieves fresh insights and presents our passion for garden making with wit and flair *The Garden of Ideas* is a valuable source book for the sophisticated gardener and an indispensable companion for the garden lover **Australian Native Plants** Mark Webb,2013-06-12 *Australian Native Plants* provides a comprehensive guide to the horticulture of our native plants Based on nearly 50 years of experience at Kings Park and Botanic Garden in Perth the book describes the necessary growing conditions for mainly Western Australian native plants and covers some of the more technical aspects such as plant propagation and grafting the use and benefits of tissue culture methods of seed collection and storage and the role of smoke in improving germination Western Australia is home to about

five per cent of the world's vascular plants and contains Australia's only terrestrial biodiversity hotspot. Written by experts with an in-depth knowledge of how to grow these plants outside their natural habitat, *Australian Native Plants* provides the more technically minded professional or enthusiast with information based on decades of research, experimentation and application. It aims to encourage the growing of Australian plants so that they can be used more widely and contribute to interesting, attractive and diverse private gardens and public landscapes in a changing environment.

Waterwise House and Garden Allan Windust, 2003-01-29 Shortlisted in TAFE Vocational Education category in the 2003 Awards for Excellence in Educational Publishing. This practical guide shows how we can contribute to conserving water, our most precious resource in our home and garden. *Waterwise House and Garden* takes a planned approach to saving water in the home using different household reticulation options including the use of rainwater tanks and recycling greywater. It shows how to eliminate unnecessary watering in the garden by working with nature to create a garden that is both enjoyable and sensitive to the environment. It explains the science behind survival strategies of plants in dry conditions, shows how soil and water interact and demonstrates how to improve the soil in your garden. Included is an extensive list of native and exotic plants that are tolerant to dry conditions in both tropical and temperate climates. The result is an accessible and informative resource guaranteed to help you reduce the environmental impact of everyday living and dramatically reduce your household water bill in the process.

The Australian Garden Lover, 1930 **The Constant Gardener** Holly Kerr Forsyth, 2007-01-01 Covering an enormous range of subjects, this essential guide to your garden describes how to cultivate and care for your favourite plants, how to grow fruit trees, lay a lawn or design a potager. *The Constant Gardener* reveals the fascinating history of the rose, discusses pruning techniques, tells you how to create nutrient-rich compost, pave a path or lay a hedge. It is packed with handy hints, recipes and stories.
