**Outback Spirit: Inspiring True Stories of Australia's Unsung Heroes** Sue Williams, 2010-08-25 Five kids orphaned by a terrible accident A struggling family living in the most isolated spot on earth A single dad battling to cope in a house falling down around his ears A desperately ill woman in the middle of nowhere In the great Outback traditions of mateship resilience and generosity come these stories of ordinary people who against seemingly insurmountable odds help out those who inhabit Australia's vast untamed frontiers No task is too great and no sacrifice too much for these modern day heroes Cheryl flies sick patients from rural areas to emergency medical treatment in cities Sue is often the only one between life and death for her patients in the Kimberley Ricky trades city comforts to connect with kids through sport in the dust of the desert and Eileen overcomes great challenges to protect remote land for generations to come These are some of the men and women who embody the spirit of the Outback Inspiring stirring and touching by turn these people draw on enormous personal reserves to maintain the values of the Outback for the future of all Australians A taste of the great things happening in the outback Williams has found some real gems Weekly Times

**Out of Australia** Steven Strong, Evan Strong, 2017-03-01 In their startling new book Steven and Evan Strong challenge the out of Africa theory Based on fresh examination of both the DNA and archeological evidence they conclude that modern humans originated from Australia not Africa The original Australians referred to by some as Aborigines like so many indigenous peoples are portrayed as backward and primitive Yet as the Strong's demonstrate original Australians had a rich culture which may have sown the first seeds of spirituality in the world They had the technology to make international seafaring voyages and have left traces in the Americas and possibly Japan Southern India Egypt and elsewhere They practiced brain surgery invented the first hand tools and had knowledge of penicillin This book brings together 30 years of intensive research in consultation with elders in the original Australian community Among their conclusions are the following There is evidence that humans existed in Australia 40 000 years before they existed in Australia There were migrations of original Australians in large boats throughout the Indian Pacific rim Three distinct kinds of Homo sapiens are found in Australia There is evidence from the Americas that debunks the out of Africa theory The spiritual influence of the Aborigines is reflected in the religions of the world

**The Academy**, 1888 *Alcohol Flows Across Cultures* Waltraud Ernst, 2020-03-03 This book maps changing patterns of drinking Emphasis is laid on the connected histories of different regions and populations across the globe regarding consumption patterns government policies economics and representations of alcohol and drinking Its transnational perspective facilitates an understanding of the local and global factors that have had a bearing on alcohol consumption and legislation especially on the emergence of particular styles of drinking cultures The comparative approach helps to identify similarities differences and crossovers between particular regions and pinpoint the parameters that shape alcohol consumption policies legal and illegal production and popular perceptions With a wide geographic range the book explores plural drinking cultures within any one region their

association with specific social groups and their continuities and changes in the wake of wider global colonial and postcolonial economic political and social constraints and exchanges

**Alcohol, Binge Sobriety and Exemplary Abstinence** Julie Robert, 2022-03-24 Where did Temporary Sobriety Initiatives TSIs such as Dry January FebFast and October come from And what is their role if any in prompting people to revisit their relationship with alcohol These organized campaigns have flourished throughout the English speaking world in the past decade Collectively they involve thousands of participants and raise substantial sums of money for medical research as well as drug and alcohol related charities Alcohol Binge Sobriety and Exemplary Abstinence considers these campaigns as part of a lifestyle movement that transcends single events and even singular national contexts It uses case studies from Australia the USA and the UK to examine both the short history of TSIs as a response to problematic localized drinking cultures including binge drinking and their relationship to a much longer and transnational history of temperance activism In taking TSIs as a case study of both embodied philanthropy and participatory health promotion this book considers how TSIs are structured promoted and experienced as an embodied event to create imitable and sometimes contradictory examples to create a public pedagogy of responsible drinking

*Some Aspects of Community Empowerment and Resilience* Venkat Pulla ,Bharath Bhushan Mamidi, 2015-07-01 With escalating poverty rising individualism outright destruction of social security networks and diminished civil liberties across the world many professionals appear to be settling down for individual fixes rather than system overhauls Social work has a rich history of community development yet seems to be a semi passive spectator to the growing listlessness in our communities Fuelled by the elites government and agencies the models of community development seem to perpetuate dependency A right oriented citizen s perspective has been a long overdue in the discourse of empowerment of people Professions with espoused commitment to human rights ought to step up their role and rekindle the roots in community empowerment *Some Aspects of Community Empowerment and Resilience* addresses the above central themes and offers fresh and refined approach on aspects of coping and resilience community and building hope
