Australian Politics at a Crossroads Matteo Bonotti, Narelle Miragliotta, 2024-02-29 As the 21st century proceeds apace Australia faces new and old challenges both domestically and internationally These include managing complex governance issues preventing democratic fracture balancing an ever shifting geopolitical strategic order addressing the recognition and identity demands of marginalised groups and responding to crises and urgent policy challenges such as climate change Bonotti Miragliotta and the other contributors to this volume analyse and evaluate the challenges which confront Australia by locating them in their national and comparative context The various contributions reveal that while these challenges are neither novel nor unique to Australia the way in which they manifest and Australia's responses to them are shaped by the country's distinctive history culture geography location and size The chapters offer a cutting edge analysis of these pressing challenges faced by Australia and offer reflections on how to address them The book is a valuable resource for scholars and students of Australian politics and of comparative politics in a global perspective

Behavioural Public Policy in Australia Sarah Ball, 2022-09-14 Using rich ethnographic data and first

hand experience Ball presents a detailed account of Australia's attempts to incorporate behavioural insights into its public policy. Ball identifies three competing interpretations of behavioural public policy and how these interpretations have influenced the use of this approach in practice. The first sees the process as an opportunity to introduce more rigorous evidence. The second interpretation focuses on increasing compliance cost savings and cutting red tape. The last focuses on the opportunity to better involve citizens in policy design. These interpretations demonstrate different solutions to a series of dilemmas that the Australian Public Service and others have confronted in the last 50 years, including growing politicisation, technocracy, and a disconnect from the needs of citizens. Ball offers a detailed account of how these priorities have shaped how behavioural insights have been implemented in policy making, as well as reflecting on the challenges facing policy work more broadly. An essential read for practitioners and scholars of policy making, especially in Australia.
