Austrias Eastern Question 1700 1790:

Austria's Eastern Question, 1700-1790 Karl A. Roeder, 1982 Focusing on the policy of the Hapsburg Monarchy toward the Ottoman Empire during the whole of the eighteenth century Karl A Roeder maintains that it was in the early part of that century when Austria first faced the twin problems of Ottoman decline and Russian expansion into southeastern Europe Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Entangled Histories of the Balkans - Volume Four Roumen Dontchev Daskalov, Diana Mishkova, Tchavdar Marinov, Alexander Vezenkov, 2017-02-06 The present volume is the last in the Entangled Balkans series and marks the end of several years of research guided by the transnational entangled history and *histoire croisee* approaches The essays in this volume address theoretical and methodological issues of Balkan or Southeast European regional studies not only questions of scholarly concepts definitions and approaches but also the extra scholarly ideological political and geopolitical motivations that underpin them These issues are treated more systematically and by a presentation of their historical evolution in various national traditions and schools Some of the essays deal with the articulation of certain forms of Balkan heritage in relation to the geographical spread and especially the cultural definition of the Balkan area Concepts and definitions of the Balkans are thus complemented by self representations that reflect on their cultural foundations *Baron Thugut and Austria's Response to the French Revolution* Karl A. Roeder Jr., 2014-07-14 Here is the first political biography of Baron Franz Maria Thugut the principal Austrian opponent of the French Revolution This work explains Thugut's role as the first Austrian statesman seriously to confront the Revolution In the process it makes significant revisions in the conventional picture of the international system of the period Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 British imperialism in Cyprus, 1878-1915 Andrekos Varnava, 2017-03-01 This book explores the tensions underlying British imperialism in Cyprus Much has been written about the British Empire's construction outside Europe yet there is little on the same themes in Britain's tiny empire in Europe This study follows Cyprus progress from a perceived imperial asset to an expendable backwater by explaining how the Union Jack came to fly over the island and why after thirty five years the British wanted it lowered Cyprus importance was always more imagined than real and was

enmeshed within widely held cultural signifiers and myths British Imperialism in Cyprus fills a gap in the existing literature on the early British period in Cyprus and challenges the received and monolithic view that British imperial policy was based primarily or exclusively on strategic military considerations The combination of archival research cultural analysis and visual narrative that makes for an enjoyable read for academics and students of Imperial British and European history

Reinterpreting the French Revolution Bailey Stone, 2002-10-21 Publisher Description

The Islamic World in Decline Martin Sicker, 2000-10-30 The long era of Muslim political ascendancy that began in a small region of western Arabia reached its pinnacle some nine hundred years later with the siege of Vienna by Suleiman the Magnificent in 1529 Suleiman then concluded that given the increasingly volatile geopolitical environment Muslim expansionism in Eurasia had run its course The subsequent decline of Ottoman power also meant in effect the decline of political Islam which had been intimately bound to it for centuries As Sicker shows the problems faced by the Ottoman Empire were also faced by the Persian Empire and both underwent an extended period of political decline and territorial retrenchment in the face of imperialist pressures from Europe and Asia The greatest challenge to the world of political Islam came from Western Europe especially France and Great Britain The Ottoman and Persian empires assumed a global importance in the 19th century not because of anything in them of intrinsic economic value but because of their geopolitical and geostrategic significance They became in effect a buffer zone separating Europe from the wealth of the East at a time when European imperialism was on the march in Asia It thus came about that the rivalries of the Great Powers most especially those of Great Britain France and Russia were played out in the Middle East This book will serve as a vital
