## **Authoritarian Dynamic:**

*The Authoritarian Dynamic* Karen Stenner, 2005-07-25 What is the basis for intolerance This book addresses that question by developing a universal theory about what causes intolerance of difference in general which includes racism political intolerance e g restriction of free speech moral intolerance e g homophobia supporting censorship opposing abortion and punitiveness It demonstrates that all these seemingly disparate attitudes are principally caused by just two factors individuals innate psychological predispositions to intolerance authoritarianism interacting with changing conditions of societal threat

*The Dynamics of Right-Wing Extremism within German Society* Oliver Decker, Johannes Kiess, Elmar Brähler, 2022-03-21 The Dynamics of Right Wing Extremism within German Society explores the prevalence of right wing extremist attitudes in Germany The book provides a thorough psychosocial and sociological theory of general authoritarian dynamics to explain broader societal attitudes particularly focusing on right wing extremism It provides a uniquely long term perspective on the different dimensions of right wing extremism the affinity for dictatorial forms of government chauvinist attitudes the trivialisation or justification of National Socialism anti-Semitism xenophobia and social Darwinism The first chapter delineates the theoretical framework of authoritarian dynamics while subsequent chapters provide an in depth analysis of empirical findings and distinguish authoritarian and democratic typologies The authors focus on recognition of authoritarian statehood and anti-Semitism the relationship between religion and right wing extremism and support for the radical right populist party Alternative für Deutschland AfD The innovative theoretical approach of this book scrutinizes the theory of authoritarianism in the contemporary world This book provides unique empirical data and will be of interest to scholars of German politics anti democratic attitudes and prejudices sociology political science and social psychology The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

*Drivers of Authoritarianism* Günter Frankenberg, Wilhelm Heitmeyer, 2024-04-12 Drivers of Authoritarianism provides a prescient deep dive into modern threats to pluralism and democracy in times of crisis Adopting an interdisciplinary approach this incisive book analyses the social political economic and psychological consequences of crises during the first decades of the 21st century powered by the proliferation of authoritarian regimes and their ideologies as well as authoritarian attitudes

*The Return of Ideology* Professor of Sociology Heiko Beyer, Alexandra Schauer, 2026-03-09 The Return of Ideology revives the important concept of ideology which has become relevant again with the rise of populism The book explores the history and theories of ideology from different perspectives examines the methods used to study why people hold onto their beliefs and presents real world examples of modern ideologies like populism racism and conspiracy theories Accessible and comprehensive this book offers valuable insights for anyone interested in understanding how ideas shape society today

*Rethinking 'Democratic Backsliding' in Central and Eastern Europe* Licia Cianetti, James Dawson, Seán Hanley, 2020-06-29 This book seeks to inject

fresh thinking into the debate on democratic deterioration in Central and Eastern Europe CEE viewing democratic backsliding through the prism of a range of cases beyond Hungary and Poland to redress the imbalance in current scholarship Over the past decade a consensus has emerged that democracy in CEE is sharply deteriorating perhaps even backsliding into new forms of authoritarianism Debate has however so far focused disproportionately on the two most dramatic and surprising cases Hungary and Poland This book reflects on the backsliding debate through the experience of CEE countries such as the Czech Republic Bulgaria Latvia and Estonia as well as neighbouring post communist regions such as the Western Balkans and former Soviet Union cases such as Moldova and Ukraine whose patterns of failing or partial democratisation may be newly instructive for analysing the development of CEE Contributors present less frequently considered perspectives on democratic backsliding in the CEE region such as the role of oligarchisation and wealth concentration the potential of ethnographical approaches to democracy evaluation the trade offs between democratic quality and democratic stability and the long term interplay between social movements state building and democratisation This book was originally published as a special issue of East European Politics

*Policy Practice and Digital Science* Marijn Janssen, Maria A. Wimmer, Ameneh Deljoo, 2015-06-03 The explosive growth in data computational power and social media creates new opportunities for innovating the processes and solutions of Information and communications technology ICT based policy making and research To take advantage of these developments in the digital world new approaches concepts instruments and methods are needed to navigate the societal and computational complexity This requires extensive interdisciplinary knowledge of public administration policy analyses information systems complex systems and computer science This book provides the foundation for this new interdisciplinary field in which various traditional disciplines are blending Both policy makers executors and those in charge of policy implementations acknowledge that ICT is becoming more important and is changing the policy making process resulting in a next generation policy making based on ICT support Web 2 0 and even Web 3 0 point to the specific applications of social networks semantically enriched and linked data whereas policy making has also to do with the use of the vast amount of data predictions and forecasts and improving the outcomes of policy making which is confronted with an increasing complexity and uncertainty of the outcomes The field of policy making is changing and driven by developments like open data computational methods for processing data opining mining simulation and visualization of rich data sets all combined with public engagement social media and participatory tools

**Overcoming Trumpism** Larry N. Gerston, 2026-03-19 Defining Trumpism as an ideology that preceded Trump s election and will outlast his political career this book explores solutions to problems that have long plagued contemporary American democracy

**The Rise of Authoritarian Liberal Democracy** Peter Baofu, 2007 There is something fundamentally wrong with the conventional wisdom in the field of Comparative Politics Political Theory and even Political Science as a whole which rigidly conceptualize and theorize political systems in terms of different categories e g liberal

democratic vs authoritarian which are supposed to be distinct and separate without much mixing of each other certainly not in any major way A liberal democratic political system like the one in the U S in accordance to this conventional wisdom is anti authoritarian and therefore good Conversely an authoritarian political system like the one in mainland China is anti democratic and therefore bad This book takes the challenging task to show that all political systems different as each is for sure from the rest have much in common Under the right conditions a liberal democracy as an illustration not only can be as evil as its authoritarian counterparts albeit in different ways but also can be more authoritarian as it becomes more advanced as a liberal democracy In fact Dr Peter Baofu suggests that authoritarianism is an advanced stage of liberal democracy under these conditions To understand this the book is organized into two main parts with different sections that is in relation to meta theory i e methodology and ontology and theory i e nature the mind culture and society

Speaking in God's Name Khaled Abou El Fadl,2001-08 This challenging new book reviews the ethics at the heart of the Islamic legal system and suggests that these laws have been misinterpreted by certain sources in an attempt to control women

Freedom William H. Bergquist,Berne Weiss,1994-10-25 Presents first hand stories told by entrepreneurs artists Jews Gypsies Russians housewives and students in Eastern European countries illuminating the meaning of freedom as it is discovered anew The authors examine the connection between freedom and the emergence of new forms of authoritarianism nationalism and anti Semitism in Hungary and Estonia Annotation copyright by Book News Inc Portland OR

Power, Participation, and Ideology Calvin J. Larson,Philo C. Wasburn,1969

**Public Opinion** Rosalee A. Clawson,Zoe M. Oxley,2008-02-29 One of the central tenets of a democracy is that we expect the public to have some kind of a role in governmental decision making After all democracy means government by the people and for the people But exactly what role does public opinion play And do citizens live up to democracy s expectations of them In their new introductory text Rosalee A Clawson and Zoe M Oxley clearly and systematically link normative questions of democratic theory whether citizens endorse the basic principles of our democratic system whether their opinions are pliable whether they organize their political thinking to existing empirical research on public opinion Putting the core ideas of public opinion into explicit dialogue with the core assumptions of democratic theory the authors explore the fruitful and sometimes frustrating tensions between democratic ideals and their practice The authors begin with a clear examination of the normative debates of democratic theory outlining the classical pluralist participatory and democratic elitism strands Along the way they explore the basics of public opinion research In each of the subsequent chapters on socialization the mass media attitude stability trust in government support for civil liberties and more the authors not only describe the content of public opinion but also tell readers what those findings reveal about the assumptions of democratic theory Using what they call an embedded methods approach the authors focus throughout the text on especially influential studies rather than presenting all methods in one stand alone chapter This integrated approach allows students to see how methods are applied

within the context of specific studies and provides a richer understanding of the research process Should students want to delve further into the methodology the authors also include an appendix that details the core research methods of public opinion The authors also pay close attention to issues of race gender class and other important cleavages throughout the text rather than segregating these topics in separate chapters because research in these areas informs broader debates within public opinion literature An array of tables figures photos suggested reading lists and bolded key terms further enhance student learning Clearly written readable and engaging this innovative text offers a fresh take on the foundations of public opinion theory research and practice

**Authoritarian Dynamic Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Authoritarian Dynamic has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Authoritarian Dynamic has opened up a world of possibilities. Downloading Authoritarian Dynamic provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Authoritarian Dynamic has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Authoritarian Dynamic. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Authoritarian Dynamic. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Authoritarian Dynamic, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Authoritarian Dynamic has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
