Autism and PDD Concept Development Household Items Pam Britton Reese, Nena C. Challenner, 2001-03-01 Six books designed to teach children with autism and PDD

Practical Solutions for Stabilizing Students with Classic Autism to be Ready to Learn Judy Endow, 2010 This title recognizes the importance of offering stabilization strategies that afford students a better regulated body often enabling students with classic autism to increase their time in school most of them working up to full day participation

Visual Support for Children with Autism Spectrum Disorders Vera Bernard-Opitz, Anne Häussler, 2011 Combining their years of experience working with individuals on the autism spectrum the authors bring practical ideas and teaching methods for offering visual supports to students with autism spectrum disorders

Neurobiological Issues in Autism Eric Schopler, Gary B. Mesibov, 2013-11-22 As a division of the School of Medicine at the University of North Carolina at Chapel Hill TEACCH has always been involved in the latest biological research on autism and related developmental disabilities However until now there has not been sufficient information to justify a separate volume on this most important topic Recent advances both in our understanding of the brain and in the technology to facilitate the measurement of neurological functioning have stimulated significant growth which is reflected in this volume As with the preceding books in this series Current Issues in Autism this volume is based on one of the annual TEACCH conferences held in Chapel Hill each May The books are not simply published proceedings of the conference papers however Instead conference participants are asked to develop chapters around their presentations and other international experts whose work is beyond the scope of the conference but related to the major theme are asked to contribute as well These volumes are intended to provide the most current knowledge and professional practice available to us concerning major issues in autism
