**My Autobiography the Prequel: Volume 1, the Conception of "thy Death Valley House" for Beatty, Nevada** Martin J. Blahnik, MD, the Desert Doc, 2024-07-24 This is the first of a three volume memoir in the author's provocative tell all journey to feature the artistic side of the human condition As such there are matters that go well beyond Dr Blahnik's professional career as a physician and scientist Yet they are the unbreakable rules of the Scientific Method that guide our deep understanding of the Darwinian evolution of the human mind the DNA driven emergence of the psychotic mental illnesses and what we call human creativity In this first volume the lively narrative quickly connects us to the author's True Love for the American desert lands indeed the desert is his mistress in particular Death Valley National Park Then the whimsical adventure travels to Europe to Paris and Berlin but also elsewhere along the way always with a keen interest and focus on thought provoking matters of history All three books have the words in their titles thy Death Valley House for Beatty Nevada It is the artist's legacy objective to build this house in the small historic mining town certified as the Gateway to Death Valley called Beatty Given the author's decades of experience in Death Valley as a professional landscape photographer his very long Chapter Six dramatically profiling the 1960s Charles Manson hippie cult in Death Valley Country is something whereby Dr Blahnik has been duly authorized to make the claim with confidence No one can tell this story of Charles Manson in Death Valley in the manner that I have Furthermore it is decidedly engaging and indeed surprising to observe the extent to which the history of some members of the cult serves as a foil to the author's character Imagine that

the Army five stars in 1950 Bradley was the senior military commander when the Korean War started he supported President Truman's wartime policy of containment and was instrumental in persuading Truman to dismiss General MacArthur in 1951 after MacArthur resisted administration attempts to scale back the war's strategic objectives The narrative deals skillfully with the planning and execution of campaigns that changed history an unmatched panorama of 40 years of American military history A great many writers have taken a crack at describing the 1944 Allied landings in Normandy but no overall description of that long bitter battle on the American beaches Utah and Omaha is better than the one in this book Drew Middleton The New York Times The most unassuming of the WW II military chiefs has in recompense the last stinging word a vigorous accomplished exceptionally unconstrained narrative Explosive yet likable Kirkus Reviews A surprisingly candid account from a man long reputed to be mild mannered discreet and uncritical of the figures of his time General Bradley has given us a very informative autobiography Especially interesting are the sections on American military participation in the North African and Sicilian campaigns and Eisenhower's role there the Normandy landings and subsequent breakout the Battle of the Bulge and President Truman's removal of General MacArthur from command in Korea He is very frank in his comments on Eisenhower's weaknesses as Allied commander in North Africa and Sicily and of Patton's ill advised behavior and remarks during that period and later He is also harshly critical of Montgomery's prima donna like behavior and his continual efforts to push Eisenhower into giving him the supreme command of all Allied ground troops With the loss of General Bradley there are unlikely to be any more top rank firsthand accounts of this period in US military history Bradley's book therefore may have the last word but he hasn't abused that privilege He was too fair a man for that Howard C Thomas The Christian Science Monitor A superb book a remarkably smooth flowing account of the life of one of this country's most distinguished military leaders Bradley's candid appraisals of his superiors subordinates and peers notably Patton Montgomery Eisenhower Simpson and Hodges make fascinating reading this is a first rate addition to the growing number of biographies of prominent World War II military personalities Besides being eminently enjoyable reading for casual consumption it is of significant value to the student of military history Lieutenant Colonel William A de Palo Jr Infantry Magazine
