A Translator's Handbook on Paul's Letter to the Romans Barclay Moon Newman, Eugene Albert Nida, 1992 **A**
Translator's Handbook on Paul's Letter to the Romans Barclay M. Newman, Eugene Albert Nida, 1987 A Handbook
on Paul's Letter to the Romans Barclay Moon Newman, Eugene Albert Nida, 1973 A verse by verse analysis and commentary
on Paul's Letter to the Romans by recognized translation experts Brings special attention to bear on critical words or phrases
explaining accepted interpretations noting how various translations have handled these passages and often explaining
nuances of the Greek text *A Handbook on Paul's First Letter to the Corinthians* Paul Ellingworth, Howard Hatton, 1994
This handbook like others in this series concentrates on exegetical matters that are of prime importance for translators and it
attempts to indicate possible solutions for translational problems that may arise because of language or culture In this
respect the Handbook attempts to deal with the full range of information important to translators However the authors do
not attempt to provide help that other theologians and scholars may be seeking but which is not directly useful for the task of
translating It is assumed that such information is available elsewhere A Handbook on Paul's Letter to the Ephesians

Hebrews Paul Ellingworth, Eugene Albert Nida, 1983 **A Translator's Guide to Paul's First Letter to the Corinthians**
Robert G. Bratcher, 1982 The books in this Handbooks series are full range commentaries that deal with problems of the
original text interpretation vocabulary analysis and discourse structure They also include analysis of translation problems
that may occur and they provide suggestions for dealing with such problems Some translators however prefer material in a
more condensed form and from which they can easily retrieve information These guides do not take away from translators

the responsibility to make their own decisions but they do attempt to give them practical information and to alert them to pitfalls they may otherwise overlook It is hoped that such information will enable a translator to prepare a translation that is faithful to the meaning of the original and that is presented in a style which is appropriate and effective in communicating the message to the reader
