**A Supplement to The Mantons, Gunmakers** William Keith Neal, David Henry Lempriere Back, 1978 The Compton Press Julian Berry, 2019 The Compton Press was like much of the 1960s a happening It began not with a grand design but with a passion for letterpress printing This passion was very infectious and people were drawn to the mix of compositors machine minders proof readers editors and typographers initially based in a converted cowshed and coach house in Compton Chamberlayne Wiltshire We stubbornly clung onto our liking for letterpress and this led to our eventual demise but for the 12 years that we lasted we printed over 500 editions of books published over 100 and produced many journals and uncountable items of jobbing printing **A treatise upon Elemental Locomotion ... World War The whole of the former GLC area plus the City is covered Arrangement is by subject and there is a substantial analytical index Material for the bibliography was collected from specialist libraries all over London and beyond It is a starting point for any enquiry about London s development over the centuries whether from the academic historian the amateur or the general enquirer A supplement is planned to cover new material on the period
