**Talk and Social Interaction in the Playground** Carly W. Butler, 2016-12-05 This book offers a rich and detailed empirical account of children s play and interaction in the school playground Drawing on the approaches of ethnomethodology and conversation analysis Talk and Social Interaction in the Playground examines the organisation of membership and social action in a game created by a group of children It offers rich insights into the methods and practices used by children to produce play and social order making a significant and substantial contribution to the study of talk in interaction as well as to studies of children s play competencies and social interaction The book demonstrates the importance of putting aside preconceived assumptions about how children talk and interact in order to reveal the situated methods and practices that children use not because they are children but because they are social beings As well as appealing to scholars of ethnomethodology and conversation analysis Talk and Social Interaction in the Playground will be of interest to students and researchers in a range of disciplines including child studies developmental psychology education applied linguistics and sociology
