Approaching Postmodernism:

Approaching Postmodernism Douwe Wessel Fokkema, Johannes Willem Bertens, 1986 Most of the essays collected in this volume deal with theoretical issues that dominate the international debate on Postmodernism issues such as the shifting nature of the concept the problem of periodization and the problem of historicity Other essays offer readings of Postmodernist texts and relate practical criticism to a theoretical framework Hans Bertens Utrecht sketches the historical development of the concept Postmodernism in American criticism distinguishing between the various definitions that have been proposed over the last twenty five years in an attempt to bring some order to the field and to facilitate future discussion Brian McHale Tel Aviv and Douwe Fokkema Utrecht offer models for the description of Postmodernist texts Richard Todd Amsterdam argues convincingly that Postmodernism is much more of a presence in contemporary British fiction than has so far been assumed and Herta Schmid Munich presents a similar argument with respect to Russian avant garde theater Elrud Ibsch Amsterdam presents a contrastive analysis of Thomas Bernhard and Robert Musil Ulla Musarra Nijmegen writes on Italo Calvino The relation between Existentialism and Postmodernism is examined by Gerhard Hoffman Wurzburg Theo D haen Utrecht finds important parallels between Postmodernism in literature and in the visual arts Matei Calinescu Bloomington Ind relates literary Postmodernism to a far more general cultural shift rejecting however Foucault s notion of an epistemic break and arguing for both continuity and discontinuity Finally Helmut Lethen Utrecht and Susan Suleiman Harvard sharply question the concept of Postmodernism Suleiman argues that the supposed Postmodernist reaction against Modernism may well be a critical myth or if it isn t a reaction limited to the American literary situation

The Postmodern Turn Ihab Hassan, 1987 **Postmodernism and the Contemporary Novel** Bran Nicol, 2002 Collects together the most important contributions to the theory of the postmodern novel over the last 40 years guiding readers through the complex questions and wide ranging debates

Postmodernism and the Quebec Novel Janet M. Paterson, 1994 In her study of postmodernism in recent Quebec fiction Janet Paterson attempts to answer three main questions Is there a postmodern Quebec novel What are its forms What are its sites of interrogation The book looks at the works of Hubert Aquin Madeleine Ouellette Michalska Gerard Bessette Yolande Villemaire and Jacques Godbout and a new chapter explores the writing of Nicole Brossard This study is representative rather than exhaustive as it analyses postmodern textual strategies in terms of discourse intertextuality the representation of the writer in fiction the process of history and feminist expression Paterson believes that in order to view a novel from a postmodernist perspective it is necessary to see it as a temporal phenomenon subject to the ambient culture

Postmodern Philosophy and Law Douglas E. Litowitz, 1997 The author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably Friedrich Nietzsche Michel Foucault Jacques Derrida Francois Lyotard and Richard Rorty He concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system Annotation copyrighted by Book News Inc Portland OR *Return to Postmodernism* Klaus Stierstorfer, 2005 **A Postmodernism of Reconstruction** Katherine Jane Leake, 1993 **Yeats and Postmodernism** Leonard Orr, 1991 In the last twenty five years there has been a revolution in literary study in the English speaking world involving two related shifts in understanding One is the recognition that the study of literature requires a theoretical grounding and the other is an acknowledgement that such a grounding is contingent upon the realization that ours is a postmodernist world Despite much resistance from traditional literary historians and formalist critics both of these assumptions influence many of today's most forceful and insightful academic literary analyses Yet Yeats scholarship has remained largely embedded in traditional modes of critical theory For the first time this collection of original essays applies a wide spectrum of contemporary critical theories to major works in the Yeats canon serving as models of how to read and work with Yeats from a postmodernist poststructuralist perspective R B Kershner for example uses Bakhtin and medical psychological studies of dyslexia to consider the written versus the oral and the inner dialogization of Yeats's writing Cheryl Herr provides a juxtaposition of the major concepts of Foucault's work especially the notion of the episteme from *The Order of Things* as applied to Yeats's *Vision* and Ronald Schleifer considers

the designing gestures of postmodern rhetoric found in Yeats using the work of Lyotard Jameson O Hara and Derrida These and other provocation essays which challenge us to rethink out most basic notions of how to read Yeats offer ample evidence of the remarkable new perceptions that can be gained from applying poststructuralist criticism to Yeats

Early Soviet Postmodernism Raoul Eshelman,1997 Soviet postmodernism is part of a long term cultural development that began with the death of Stalin in 1953 and has continued on up to the present day The book treats the early phase of Soviet postmodernism which began to emerge in the late 1950 s and lasted until the mid 1970 s Early Soviet postmodernism agrees with later neoavantgardist postmodernism in that it distrusts modernist figures of thought such as utopianism dialectical argumentation and mythopoetic grand narratives Unlike late postmodernism which appropriates these figures ironically early Soviet postmodernism is still involved in a serious agonized attempt to correct or rework them in a serious way The epistemological failure of these efforts marks this literature as specifically postmodern The book charts the development of this epoch in four important genres of postwar Soviet literature in village prose Nagibin Solzenicyn Belov Rasputin in Vasilij Suksin s short stories about eccentric characters in Jurij Trifonov s urban prose and in the lyric poetry of Evgenij Evtusenko and Andrej Voznesenskij *Acta Universitatis Stockholmiensis* ,1937

The Modern American Novel Malcolm Bradbury,1994-03 A monumental critical history that sums up the American literary achievement from Henry James to Thomas Pynchon Beginning with the 1890s and the seminal novels of Henry James and Theodore Dreiser this highly acclaimed volume charts the flowering of the American narrative tradition It takes in Hemingway Fitzgerald and Faulkner the emergence of Jewish and African American literatures and the works of Thomas Pynchon Philip Roth and Kurt Vonnegut Updated to consider the most important fiction of the 1980s and early 90s The Modern American Novel is a comprehensive critical history of American literary achievement

Latin America and Postmodernity Pedro Lange-Churion,Eduardo Mendieta,2001-06 This collection brings together some of Latin America s most important thinkers and writers making available in one volume classic and recent essays that address the question of postmodernity in Latin America Here readers can find Octavio Paz s Nobel Prize speech Leopoldo Zea s recent observations on postmodernity and the question of revolution in Mexico Enrique Dussel s seminal discussion of modernity and the rise of world capitalism Walter Mignolo s discussion of the relationship between cultural hegemony and control over sites of intellectual production and Iris Zavala s use of Lacan to trace the postcolonial and postmodern imagery of Martf s Nuestra AmTrica Included are also detailed and comprehensive discussions of the sociological political literary and cultural responses to the various positions and themes associated with postmodernity This collection is an ideal primary text for courses in contemporary Latin American thought as well as classes on postmodernity It will also serve as a major reference work on contemporary intellectual trends in Latin America As such it will be of interest to Latin Americanists social thinkers philosophers and literary and cultural critics and historians

Comparative Literature Association. Congress, Milan V. Dimić, 1999 **Postmodern Approaches to the Short Story**
Farhat Iftekharrudin, 2003-03-30 Postmodernism as a mode of the contemporary short story has been clearly established and recognized by short story theorists But postmodern theory as pervasive as it has become among academics in the last half century has scarcely been applied to the short story genre in particular Many contemporary scholars nonetheless are currently making use of certain postmodern thematic approaches to help them determine meanings of particular short stories T Short story theory began with Edgar Allan Poe s review of Twice Told Tales a collection of stories by his contemporary Nathaniel Hawthorne But theoretical discussions of the short story languished until modernism and the new criticism provided impetus for further development Surprisingly though the next large critical movement postmodernism failed to address the short story as a genre But while there is little postmodern theory concerning the short story contemporary scholars have used certain postmodern critical approaches to help determine meaning This book demonstrates the effect of postmodern theory on the study of the short story genre The expert contributors to this volume examine such topics as genre and form the role of the reader cultural and ethnic diversity and feminist perspectives on the short story In doing so they apply postmodern theoretical approaches to international short stories be they in the traditional mode the modern mode or the postmodern mode The volume looks at fiction by Edith Wharton Henry James Katherine Mansfield and other authors and at Iranian short fiction the postcolonial short story the fantastic in short fiction and other subjects

Performance Stephen Chinna, 2003 In his consideration of a wide range of 20th century political theatre and performance practices in the West Stephen Chinna contends that it is the provisional and contingent strategies of performance that set the model for the postmodern **The American Avant-garde Tradition** John Lowney, 1997 This book addresses how discourses of cultural nationalism and avant gardism have structured the formation of American poetry canons Examining William Carlos Williams s importance for postmodern poetry it underscores how his literary reputation has figured prominently in recent reconsiderations of twentieth century American literary history The postmodern poets responding to Williams emphasize not only the cultural politics of constructing literary reputations but also a more fundamental assumption that governs canon formation the assumption that poetic language excludes speech types marking social difference Williams s commitment to experimentation and the destruction of traditional forms allies his poetics with the critical stance of the international avant garde His writing is especially sensitive however to linguistic registers of social difference in the United States Focusing especially on Williams s early experimentation with poetic form through *Spring and All* but also on his critical and imaginative prose such as *In the American Grain* this book argues that two contingent rhetorical motives structure his response to cultural change what Lowney calls the poetics of descent and the poetics of dissent **BOOK JACKET**
