Arbitration Awards A Practical Approach:

Arbitration Awards Ray Turner, 2008-04-15 Drawing on his long and practical experience the author gives guidance which only the foolhardy would reject without good reason for doing so With this manual beside him many an arbitrator will feel sure sleep the sounder The Rt Hon The Lord Bingham of Cornhill The preparation of an arbitrator's award requires a rigorous approach to the consideration of submissions and evidence and to the decisions stemming from that consideration and the arbitrator must be competent to draft a valid and enforceable award These tasks can be complex for any arbitrator particularly so for the less experienced This book has been written to provide clear and practical guidance whilst emphasising that there is no standard method of preparing or writing an award It includes illustrations relating to a wide range of types of award It will be of interest to all arbitrators and those involved in the process whether they are concerned with commodities insurance maritime matters rent disputes construction or commerce

A Practical Approach for Expanding the Review of Commercial Arbitration Awards Paul Bennett Marrow, 2016 Arbitration is supposed to be a quick efficient way to resolve a dispute One of the main benefits is finality The Federal Arbitration Act does not allow for a merit based appeal from an arbitral award If an arbitrator makes an error interpreting or apply law courts are not empowered to intervene Hall v Mattel 552 U S 576 2008 The only review possible is pursuant to the vacatur provisions of Section 10 of the FAA For this reason many lawyers and their clients avoid arbitration Recently some have recognized that nothing in the FAA prohibits a merit based appeal to another arbitrator Practitioners aware of this possibility now have a tool for addressing the possibility of mistakes in the interpretation or application of law This article discusses this procedure examining the rules for appeals adopted by the AAA CPR and JAMS The chapter updates a previous version published in 2010
