Toby,2019-01-21 In *Engaging the Other Japan and Its Alter Egos 1550 1850* Ronald P Toby examines new discourses of identity and difference in early modern Japan a discourse catalyzed by the Iberian irruption the appearance of Portuguese and other new radical others in the sixteenth century The encounter with peoples and countries unimagined in earlier discourse provoked an identity crisis a paradigm shift from a view of the world as comprising only three countries sangoku i.e. Japan China and India to a world of myriad countries bankoku and peoples In order to understand the new radical alterities the Japanese were forced to establish new parameters of difference from familiar proximate others i.e. China Korea and Ryukyu Toby examines their articulation in literature visual and performing

arts law and customs **The Culture of Copying in Japan** Rupert Cox,2007-09-12 This book challenges the perception of Japan as a copying culture through a series of detailed ethnographic and historical case studies It addresses a question about why the West has had such a fascination for the adeptness with which the Japanese apparently assimilate all things foreign and at the same time such a fear of their skill at artificially remaking and automating the world around them Countering the idea of a Japan that deviously or ingenuously copies others it elucidates the history of creative exchanges with the outside world and the particular myths philosophies and concepts which are emblematic of the origins and originality of copying in Japan The volume demonstrates the diversity and creativity of copying in the Japanese context through the translation of a series of otherwise loosely related ideas and concepts into objects images texts and practices of reproduction which include shamanic theatre puppetry tea utensils Kyoto town houses architectural models genres of painting calligraphy and poetry sample food displays and the fashion and car industries **Great Power Clashes along the Maritime Silk Road** Grant Frederick Rhode,2023-10-15 Current concerns in maritime Eurasia are centered on rising powers China and India By way of background to understanding the current regional great power rivalry within maritime Eurasia this book asks what we can learn from historic Eurasian maritime geopolitical players and their interactions that will inform and enlighten today s international relations practitioners Great Power Clashes along the Maritime Silk Road examines three seminal historical cases of maritime clashes in the China Seas four in the Indian Ocean and one in the eastern Mediterranean Sea Each of these is an example of local or regional conflict reflecting the circumstances of time and place The cases have been chosen to provide a comparative framework of significant premodern maritime clashes distributed along the full Eurasian maritime perimeter Lessons include understanding struggles between continental and maritime powers in Eurasia and understanding the decisive impact that naval leadership intelligence technology alliances and identity have had in the past and will have on the future **Japanese and Western Literature** Armando Martins Janeira,2016-08-09 Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations Paralleling Japanese literary creations and fundamental thought with those of the West the author draws many illuminating comparisons for example between the novels of Murasaki Shikibu and Marcel Proust between the Portuguese poet Torga and the haiku master Issa and between the picaresque novel in Japan and in the West Contrastive studies are also made into such concepts as time nature love and tragedy This broad yet incisive survey of Japanese literarily genres and themes is more than a comparative study of literature however it is an attempt to grasp the core of Japanese culture by setting it against world culture From this born a complex of new ideas and problems and author is able to probe the extent of Western influence on Japanese fiction poetry and essays in the past hundred years **Literature Criticism from 1400 to 1800** ,2001 **Three Japanese Plays from the Traditional Theatre** Earle Ernst,1976 **Acta Asiatica** ,1976
