A World Waiting To Be Born Civility Rediscovered:

A World Waiting to Be Born M. Scott Peck, 2009-07-22 Just as *The Road Less Traveled* provided hope and guidance for individuals seeking growth this major new work by M Scott Peck M D offers a needed prescription for our deeply ailing society Our illness is Incivility morally destructive patterns of self absorption callousness manipulateness and materialism so ingrained in our routine behavior that we do not even recognize them There is a deepening awareness that something is seriously wrong with our personal and organizational lives Using examples from his own life case histories and dramatic scenarios of businesses that made a conscious decision to bring civility to their organizations Dr Peck demonstrates how change can be effected and how we and our organizations can be restored to health This wise practical and radical book is a blueprint for achieving personal and societal well being
