Christian Ethics For Today:

Original Christian Ethics Today David W. T. Brattston, 2019-11-12 This book is a collection drawn from over three hundred and ninety of my magazine and website articles synthesizing early and modern Christianity extracted from writings by or about Christians who flourished prior to the Decian Persecution and mass apostasy of AD 249-251. The subject matter is New Testament and other Christian statements on ethics before AD 250 and their applicability to the twenty-first century. Some of these articles have been published more than once by more than one Christian communion and in more than one country. They vary in length from a few hundred words to over four thousand. This book does not discuss moral theories or frameworks but presents concrete practice of specific principles, commandments, and prohibitions. [Christian Ethics for Today](#) Milton L. Rudnick, 1979-12-01 [New Occasions Teach New Duties?](#) Cyril S. Rodd, 1995 These studies were specially commissioned to consider how far Christian ethics can and should change or develop to be relevant today and to provide dependable guiding principles for the future. The authors examine the changes which have already taken place in ethical thinking since the time of Jesus. They point to the valuable contributions which, for example, the Church Fathers and the Reformation leaders have made. They examine how modern study of the Bible can open up new ethical principles and new ways of approaching ethical difficulties. They challenge some current ideas about ethics as positively false or dangerous. They also evaluate Christian ethics in the light of current developments in, for example, Buddhist and Muslim ethics. Topics given special attention include how do Christians actually arrive at ethical decisions: the church, the person, and the state; the individual and the organization; war, peace, keeping and terrorism; modern medical discoveries and ethical decisions; marriage and family life; ecology and the unprivileged and the oppressed. Written by experts in their fields, the approach is practical and direct. The authors take full account of the many social, political, and theological changes of recent times and show how basic Christian morality can and should be applied in fresh ways but without abandoning its true character. **Christian Ethics Today** Patrick, Patrick Anderson, editor, 2012-07-20 We need now to recover the prophethood of all believers, matching our zeal for the priesthood of all believers with a passion for the prophethood of all believers.
