Strong Faith David L. Parker, 2015-12-11 Strong Faith is a thorough yet concise book that covers all the basics of systematic theology Strong Faith knits together the major doctrines of Christian theology in a reverent and devotional manner in just two hundred pages It consists of eighty four chapters with each chapter being only two pages Romans 4:20 speaks of Abraham saying yet with respect to the promise of God he did not waver in unbelief but grew strong in faith giving glory to God It is my prayer that this book will strengthen your faith and that you will glorify God in all that you do History and Christian Faith Edward W. H. Vick, 2003 A basic Christian claim is that God is active in human history to accomplish his purpose which he will do in the end This book considers some of the implications of this far reaching claim Christian faith is bound up with our personal history but beyond that stretches far into the past Faith is not identical with historical knowledge for example with knowledge of the facts about Jesus facts which must be established historically That involves using the historian's methods of investigation What does God reveals himself in history mean Christians claim to find an ultimate meaning in history But how can that be How is it possible to find an overall meaning in history theistic or otherwise Since Christians appeal to the New Testament in making the claim that God revealed himself in Jesus we must go beyond that book to the Christian community which existed before there was a New Testament and out of whose midst its writings came To understand those books we must interpret So where do our principles of interpretation come from and how valid are they This is the question of tradition This small book is an introduction to these interesting topics Hopefully it will help to clarify important issues and lead the reader to investigate such central matters further *The College Student's Introduction To Theology* Thomas P. Rausch, 2017-03-24 This book provides an introduction to the study of theology and its various methods of investigation While most theological texts focus on one facet of study The College Student's Introduction to Theology introduces the whole rich and complex area of theological studies It is written from a Roman Catholic perspective but the book is consciously ecumenical in its approach Part I Foundations examines the nature of theology as both a science and a work of the Church and the resulting tension between theologians and bishops the Hebrew Scriptures and development of the New Testament canon and an overview of the Church history Part II Systematic Questions tackles Christian faith Christian anthropology moral theology and the sacramental and liturgical life of the Christian Part III Contemporary Issues introduces the concept and various expressions of spirituality the Second Vatican Council and two post conciliar issues ecumenism and feminism Contributors include Christopher Key Chapple PhD John R Connolly PhD Michael Downey PhD Mary M Garascia CPPS PhD Marie Ann Mayeski PhD Mary Milligan RSHM STD John R Popiden PhD Thomas P Rausch SJ PhD Herbert J Ryan SJ STD Jeffrey S Siker PhD and Daniel L Smith Christopher D Phil *The Foundations of the Christian Faith* Charles Wesley Rishell, 1899 **Strong Faith** David L Parker, 2020-07-25 Strong Faith is a thorough yet concise book that covers all the basics of systematic theology Strong Faith knits together all of the major doctrines of Christian theology in a reverent and
