Christian In Society I:

The Idea of a Christian Society T. S. Eliot, 2014-02-25 One of the twentieth century's great thinkers and writers explores what it means to incorporate Christian values into our worldly lives Originally delivered in 1939 at Corpus Christi College these three lectures by the renowned poet and playwright T S Eliot address the direction of religious thought toward criticism of political and economic systems With sincerity and intellectual rigor the Nobel Prize winner asks whether and how it is possible for Christianity to coexist with Western democracy and capitalism

Christianity and Culture: The Idea of a Christian Society and Notes Towards the Definition of Culture T. S. Eliot, 2024-11-07 Christianity and Culture by T S Eliot is a profound and thought provoking exploration of the relationship between religion society and cultural identity This volume brings together two of Eliot's influential essays The Idea of a Christian Society and Notes Towards the Definition of Culture offering readers an insightful examination of how faith shapes the moral and intellectual fabric of civilization In The Idea of a Christian Society Eliot argues that a society grounded in Christian principles fosters justice community and a shared sense of purpose He reflects on the moral decay that can result from secularism and materialism contending that cultural renewal requires the influence of faith in both personal and public life For Eliot Christianity offers not just spiritual salvation but also a framework for building a society where human flourishing is guided by moral truth and collective responsibility In Notes Towards the Definition of Culture Eliot delves into the meaning and purpose of culture considering how religious belief education and tradition are interwoven with cultural development He emphasizes the importance of preserving cultural heritage and reflects on the role of Christianity in maintaining social coherence Eliot also discusses the need for intellectual humility and openness to transcendence in the face of modern challenges Together these essays offer a compelling vision of culture as inseparable from religious values inviting readers to reflect on the interplay between faith tradition and the common good Christianity and Culture is essential reading for those interested in philosophy theology or cultural studies offering timeless insights into how Christian belief can inform both individual lives and the broader society Eliot's work challenges modern readers to reconsider the role of faith in shaping not only personal values but also the cultural and moral direction of society

The Christian Society George Davis Herron, 1894 **The Christian Society (Classic Reprint)** George Davis Herron, 2017-07-21 Excerpt from The Christian Society The church was not sent to be an institutional dominion but a sacrificial and redemptive life in the world Yet the church is not engaged in sacrifice and redemption so much as in artificial organization not engaged in discerning and teaching right from wrong so much as in definition of doctrines The analogy between Protestant Christendom in relation to its mission of social redemption and the relation of the Jewish church to the first appearance of the Son of God is true I am haunted continually with the vision of the living Jesus weeping over our majestic temples of worship our halls of theology our conventions of religion as though he were again in the sacred sorrow of that weeping over Jerusalem his heart again broken because only the remnant may

receive the mission which the institution rejects but whatever be the form in which they are destined to be shaped the work which the Christian societies as societies have to do in the days that are to come is not inferior to any work which has lain before them at any epoch of their history For the air is charged with thunder and the times that are coming may be times of storm There are phenomena beneath the surface of society of which it would be hardly possible to overrate the significance There is a widening separation of class from class there is a growing social strain there is a disturbance of the political equilibrium there is the rise of an educated proletariat To the problems which these phenomena suggest Christianity has the key Its unaccomplished mission is to reconstruct society on the basis of brotherhood To you and me and men like ourselves is committed in these anxious days that which is at once an awful responsibility and a splendid destiny to transform this modern world into a Christian society to change the socialism which is based on the assumption of clashing interests into the socialism which is based on the sense of spiritual union and to gather together the scattered forces of a divided Christendom into a confederation in which organization will be of less account than fellowship with one Spirit and faith in one Lord into a communion wide as human life and deep as human need into a Church which shall outshine even the golden glory of its dawn by the splendor of its eternal noon About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Justification in a Post-Christian Society
Carl-Henric Grenholm, Göran Gunner, 2014-11-04 Since the Reformation in the sixteenth century Lutheran traditions have had a great impact on culture and politics in many societies At the same time Lutheran churches have impacted personal faith basic morality and ethics Modern society however is quite different from the time of the Reformation How should we evaluate Lutheran tradition in today's Western multicultural and post Christian society Is it possible to develop a Lutheran theological position that can be regarded as reasonable in a society that evidences a considerable weakening of the role of Christianity What are the challenges raised by cultural diversity for a Lutheran theology and ethics Is it possible to develop a Lutheran identity in a multicultural society and is there any fruitful Lutheran contribution to the coexistence of different religious and nonreligious traditions in the future

Modernism and Religion Jamie Callison, 2023-06-15 Modernism and Religion argues that modernism participated in broader processes of religious change in the twentieth century The new prominence accorded to immanence and immediacy in religious discourse is carried over into the modernist epiphany Modernism became mystical The emergence of Catholic theological modernism human rights

Christian sociology and philosophical personalism which are explored here in relation to the work of David Jones T S Eliot and H D represented a strategic attempt on the part of diverse religious authorities to meet the challenge posed by new mysticism Orthodoxy was itself made new in ways that resisted the secular demand that religion remain a private undertaking Modernism and Religion presents the mechanical form and clashing registers of long poems by each of the aforementioned writers as an alternative to epiphanic modernism Their wavering orthodoxy brings matters from which the secular had previously separated religion back once more into its purview
