Christian Morals A Study In First Princi:

Christian morals: a study in first principles CE. Hudson,1948 **Christian Morals** Lindsay Dewar,Cyril Edward Hudson,1948 **John Webster's Vision of Moral Agency** W. Jeremy Jones,2025-05-15 This book explores John Webster's contribution to one of the most important and contested topics in Christian theology the relationship between divine and human agency By examining the theme of moral ontology in Webster's constructive dogmatics this work sheds light on his contribution to this crucial subject Jones achieves this through close study of Webster's texts ranging from his early middle and late periods He reveals that Webster's moral ontology is not only a major theme in his thought but is among his most significant contributions to contemporary systematic and moral theology As the first book-length study of a central theme in Webster's ethics this text will be of interest to Webster scholars and those teaching courses in late modern systematic theology and theological ethics *Lux Mundi: A Series of Studies in the Religion of the Incarnation* H. S. Holland,Aubrey Moore,E. S. Talbot,J. R. Illingworth,R. C. Moberly,Arthur Lyttelton,C. Gore,W. Lock,F. Paget,W. J. H. Campion,R. L. Ottley,2023-10-24 *Lux Mundi* A Series of Studies in the Religion of the Incarnation serves as a pivotal anthology that encapsulates a significant shift within theological thought particularly within the Anglican tradition It showcases a breadth of literary styles ranging from rigorous academic discourse to more reflective meditative essays all centered around the incarnation of Christ and its implications for modern faith and life The diversity and depth of the contributions make it a cornerstone collection illuminating varied perspectives on a foundational Christian doctrine while also daring to engage with contemporary scientific and moral philosophy thus bridging the gap between faith and reason The contributing authors including H. S. Holland, Aubrey Moore, and C. Gore among others are distinguished for their profound contributions to theology and the broader intellectual movements of their time Collectively aligned with the broader Liberal Anglicanism movement their works in this anthology reflect a nuanced attempt to reconcile traditional Christian doctrine with the rapid advancements and discoveries of the late 19th and early 20th centuries Their diverse academic and clerical backgrounds enrich the anthology offering a tapestry of insights that speak to a wide audience of both believers and skeptics *Religion of the Incarnation* is not just a scholarly exploration but a compelling invitation to readers interested in theological and philosophical questions It holds significant educational value providing a comprehensive overview of a transformative period in Anglican theology through the voices of its most influential thinkers For those seeking to understand the complexities of faith in a rapidly changing world this collection offers a multitude of perspectives encouraging a deeper engagement with the questions that have shaped Christian thought and practice for centuries *Research on Culture and Values* George F. McLean,1989 **Register of Vanderbilt University ... Announcement ...** Vanderbilt University,1924 [Original Christian Ethics Today](#) David W. T. Brattston,2019-11-12 This book is a collection drawn from over three hundred and ninety of my magazine and website articles synthesizing early and modern Christianity extracted from writings by or about

Christians who flourished prior to the Decian Persecution and mass apostasy of AD 249-251. The subject matter is New Testament and other Christian statements on ethics before AD 250 and their applicability to the twenty-first century. Some of these articles have been published more than once by more than one Christian communion and in more than one country. They vary in length from a few hundred words to over four thousand.
