## **Christian Theology Of Religions A System:**

*Christian Theology and Religious Pluralism* David S. Nah, 2012-04-18 The question of religious pluralism is the most significant yet thorniest of issues in theology today and John Hick 1922 2012 has long been recognized as its most important scholar However while much has been written analyzing the philosophical basis of Hick s pluralism very little attention has been devoted to the theological foundations of his argument Filling this gap this book examines Hick s theological attempts to systematically deconstruct the church s traditional incarnational Christology Special attention is given to evaluating Hick s foundational theses that Jesus himself did not teach what was to become the orthodox Christian understanding of him and that the dogma of Jesus two natures has proved to be incapable of being explicated in any satisfactory way By elucidating the ways in which Hick s arguments fail David Nah demonstrates that Hick was unwarranted in breaking away from the church s incarnational Christology that has been at the core of Christianity for almost two thousand years **Lectures on Christian Theology** Georg Christian Knapp, 1850 **The Christian System** Alexander Campbell, 2025-07-28 Reprint of the original first published in 1839 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Religious Systems of the World ,1908 **Catalogue of Books Exclusive of Prose Fiction in the Central Lending Library** Leeds (England).
