Christianity In China:

A New History of Christianity in China Daniel H. Bays, 2011-06-09 A New History of Christianity in China written by one of the world's the leading writers on Christianity in China looks at Christianity's long history in China its extraordinarily rapid rise in the last half of the twentieth century and charts its future direction Provides the first comprehensive history of Christianity in China an important understudied area in both Asian studies and religious history Traces the transformation of Christianity from an imported Western religion to a thoroughly Chinese religion Contextualizes the growth of Christianity in China within national and local politics Offers a portrait of the complex religious scene in China today Contrasts China with other non Western societies where Christianity is surging

A Star in the East Rodney Stark, Xiuhua Wang, 2015-05-02 What is the state of Christianity in China Some scholars say that China is invulnerable to religion In contrast others say that past efforts of missionaries have failed writing off those converted as nothing more than rice Christians or cynical souls who had frequented the missions for the benefits they provided Some wonder if the Cultural Revolution extinguished any chances of Christianity in China Rodney Stark and Xiuhua Wang offer a different perspective arguing that Christianity is alive well and on the rise Stark approaches the topic from an extensive research background in Christianity and Chinese history and Wang provides an inside look at Christianity and its place in her home country of China Both authors cover the history of religion in China disproving older theories concerning the number of Christians and the kinds of Christians that have emerged in the past 155 years Stark and Wang claim that when just considering the visible Christians those not part of underground churches thousands of Chinese are still converted to Christianity daily and forty new churches are opening each week A Star in the East draws on two major national surveys to sketch a close up of religion in China A reliable estimate is that by 2007 there were approximately 60 million Christians in China If the current growth rate were to hold until 2030 there would be more Christians in China about 295 million than in any other nation This trend has significant implications not just for China but for the greater world order It is probable that Chinese Christianity will splinter into denominations likely leading to the same political social and economic ramifications seen in the West today Whether you're new to studying Christianity in China or whether this has been your area of interest for years A Star in the East provides a reliable thought provoking and engaging account of the resilience of the Christian faith in China and the implications it has for the future

Christianity in China Daniel H. Bays, 1996 This pathbreaking volume will force a reassessment of many common assumptions about the relationship between Christianity and modern China The overall thrust of the twenty essays is that despite the conflicts and tension that often have characterized relations between Christianity and China in fact Christianity has been for the past two centuries or more putting down roots within Chinese society and it is still in the process of doing so Thus Christianity is here interpreted not just as a Western religion that imposed itself on China but one that was becoming a Chinese religion as Buddhism did centuries ago Eschewing the usual focus on foreign missionaries as is customary this

research effort is China centered drawing on Chinese sources including government and organizational documents private papers and interviews The essays are organized into four major sections Christianity s role in Qing society including local conflicts 6 essays ethnicity 3 essays women 5 essays and indigenization of the Christian effort 6 essays The editor has provided sectional introductions to highlight the major themes in each section as well as a general Introduction

China including Hong Kong and Taiwan Europe including Russia and Eastern Europe and North America **Darkest before the Dawn** Richard R. Cook,2021-11-02 The Christian church was always destined to find its way to China Long before the birth of the church China existed coalescing around profound philosophical concepts and powerful cultural symbols It developed into a dynamic and enduring civilization In time Christian missionaries arrived on its shores driven to bring the gospel to this people This book starts with the story of that journey the arrival of the missionaries who planted the seeds of the gospel in Chinese soil As the seeds sprouted and grew a new story of a unique and distinct Chinese church began The epic narrative opens from uncertain beginnings in darkness passes through intense hardship and years of struggle and culminates with the triumphal emergence of the Chinese church from the shadows into the light of the global stage **Jesus in Beijing** David Aikman,2006-11-01 Recounts the history of Christianity in China and discusses how the religion may change China in the future China's Christianity ,2017-04-24 Among the assumptions interrogated in this volume edited by Anthony E Clark is if Christianity should most accurately be identified as Chinese when it displays vestiges of Chinese cultural aesthetics or whether Chinese Christianity is more indigenous when it is allowed to form its own theological framework In other words can theological uniqueness also function as a legitimate Chinese Christian cultural expression in the formation of its own ecclesial identity Also central to what is explored in this book is how missionary influences consciously or unconsciously introduced seeds of independence into the cultural ethos of China s Christian community Chinese girls who pushed the limits of proper behaviour for example added to the larger sense of confidence as China s Christians began to resist the model of Christianity they had inherited from foreign missionaries Contributors are Robert E Carbonneau CP Christie Chui Shan Chow Amanda C R Clark Lydia Gerber Joseph W Ho Joseph Tse hei Lee Audrey Seah Jean Paul Wiest and Xiaoxin Wu Christianity in the People's Republic of China George Thompson Brown,1983 **Christianity and Social Engagement in China** Francis K.G. Lim,Bee Bee Sng,2020-12-22 How does Christianity continue to experience growth in an increasingly authoritarian political system that enforces strict regulations on religion How are ordinary Christians affected by social and political changes in the country and how do they make their influence felt in wider society Taking Chinese Christians experience as a case study Lim and Sng examine the possibilities and limitations of Christian engagement in society under an authoritarian regime They look especially at efforts by religious individuals and groups who are seeking to address social issues by engaging in unobtrusive and non antagonistic activities that interact with controlling state institutions Their emphasis is on everyday lived religion analysing how Christians express their faith in their everyday activity and not only in spaces demarcated as falling within the religious domain This book is a valuable reference for scholars and students looking to understand religion in relation to politics culture and everyday life in rapidly modernising East Asian societies and particularly in China The Love of God in China John Peale,2005 This well researched and thorough work presents Chinese Christianity in a way that will lead Christians and others to better understand their faith and

China The Love of God in China examines various aspects related to Christianity in this socialist country including the status of Chinese Christian churches the policy of Chinese government for state control of religion the attitudes of Chinese people towards Christianity theological perspectives in China the Chinese perception of religious principles successful efforts to cultivate Chinese Christianity Author John Peale objectively presents the competing and conflicting positions of the diverse Chinese Christian groups As he identifies the challenges faced by Christian individuals and churches in China he not only suggests resolutions but also proposes what Western Christians could learn from their Chinese family in the faith Peale explores the ways Christianity can be submerged into Chinese culture **Chinese Christianity** Peter Tze Ming

Jesus Melissa Wei-Tsing Inouye,2018-12-03 In 1917 the Beijing silk merchant Wei Enbo s vision of Jesus sparked a religious revival characterized by healings exorcisms tongues speaking and most provocatively a call for a return to authentic Christianity that challenged the Western missionary establishment in China This revival gave rise to the True Jesus Church China s first major native denomination The church was one of the earliest Chinese expressions of the twentieth century charismatic and Pentecostal tradition which is now the dominant mode of twenty first century Chinese Christianity To understand the faith of millions of Chinese Christians today we must understand how this particular form of Chinese community took root and flourished even throughout the wrenching changes and dislocations of the past century The church s history links together key themes in modern Chinese social history such as longstanding cultural exchange between China

and the West imperialism and globalization game changing advances in transport and communications technology and the relationship between religious movements and the state in the late Qing circa 1850 1911 Republican 1912 1949 and Communist 1950 present day eras Vivid storytelling highlights shifts and tensions within Chinese society on a human scale How did mounting foreign incursions and domestic crises pave the way for Wei Enbo a rural farmhand to become a wealthy merchant in the early 1900s Why did women in the 1920s and 30s such as an orphaned girl named Yang Zhendao devote themselves so wholeheartedly to a patriarchal religious system What kinds of pressures induced church leaders in a meeting in the 1950s to agree that Comrade Stalin had saved many more people than Jesus This book tells the striking but also familiar tale of the promise and peril attending the collective pursuit of the extraordinary how individuals within the True Jesus Church in China over the past century have sought to muster divine and human resources to transform their world
