Football and Integration in Plano, Texas The Plano Conservancy for Historic Preservation, Inc.,2014-09-02 The year 1964 was momentous for civil rights as Congress passed the Twenty fourth Amendment and Texas s own Lyndon B Johnson unveiled his plan for the Great Society That same year the Plano school district integrated setting an example for the state and nation The tightknit community banded together through a language fluent to everyone football The Wildcats had few winning seasons and no state titles at that time but with hard work and a trailblazing spirit coaches Tom Gray and John Clark led the integrated team all the way to state championship victory in 1965 The Plano Conservancy for Historic Preservation Inc presents the inspiring story of the Wildcat fight for the title that made Plano a better place to live *The Making of a Christian Physician* Dr. David Miller,2026-03-25 The Making of a Christian Physician is an informational testimony or what I like to call an infomony I firmly believe Christian physicians are called to their profession I received that summons as a junior in high school The journey to becoming a physician is a very difficult one involving the standard twelve years of primary and secondary school four years of college four years of medical school and anywhere from three to six years of residency It involves a tremendous amount of fortitude and willingness to accept delayed gratification During that period our lives are influenced by family friends teachers professors and mentors who deserve a tremendous amount of credit Early on I chose 1 Samuel 7 12 as my life s verse Then Samuel took a stone and set it between Mizpah and Shen and called the name of it Ebenezer saying Hitherto hath the Lord helped me This dependence on God is the cornerstone of a Christian physician s development Equally critical is cultivating humility and mercy I believe a good physician succeeds only by recognizing his or her dependence on him relinquishing foolish pride and extending mercy to others The God orchestrated trials over my sixty six years of training and practice instilled these virtues in me Once a physician begins practice he or she is subjected to a tremendous number of competing forces that include marriage family church chronic fatigue maintenance of integrity maintenance of sanity time constraints numerous regulatory bodies threat of malpractice unrealistic patient and societal expectations electronic health record quotas ethical dilemmas and the all too real specter of burnout The following is my story that starts with my birth and ends with my retirement after thirty seven years of family practice My hope is by the end of this book you will see God s faithfulness even when I failed and the humility and mercy that I learned along my journey
