## **A Way In To The Trinity:**

A Way in to the Trinity Gerald O'Mahony (S.J.),2004 God is unconditional love gratefully received safely returned The way in to the Trinity for anyone is a way in to the mystery of love and the story turns out to have a happy ending The mystery of the Trinity was revealed to us not to stop us thinking but to start us loving I have never read anything on the Trinity which is as life giving as this book The mystery instead of appearing unintelligible and better left alone remains mystery but becomes something exciting energizing a source of life the source of our own lives which can never be exhausted by any amount of exploration Gerard W Hughes SJ GeraldO Mahony completed this book in his 50th year as a Jesuit his 38th as a priest and his 20th year as a retreat director and author working in Loyola Hall Jesuit Spirituality Centre in England Hinduism, a Way of Life Sitansu S. Chakravarti,1991-01-01 This is a book on Hinduism designed to explain many South Asian practices some not confined to Hindus only that have very often been misunderstood in North America The book contains essential information on standard Hindu sacraments and rituals on dress codes customs and festivals on worship practices and sacred images It provides a sampler of prayers points for reflection and liturgical formulae It notes peculiarities of emigre Hindu experience in the United States and Canada and incorporates insights from the author s experience as a Hindu chaplain The book has been written in response to requests for information from hospitals ethnic squads in police forces schools and boards of education chaplains social workers and Hindus themselves It will be helpful to students as well *The Ghost of Totalitarianism* Martín Grassi ,2024-09-13 Martín Grassi deconstructs the totalitarian paradigm underlying Western political and theological discourses by a critical examination of the concept of spirit pneuma This notion plays a paramount role in such Western discourses as biology cosmology politics and theology for it is the principle that turns a plurality of elements into a systematic unity Christian political theology finds in the Holy Spirit the principle of efficacy of God s economy of redemption which has been ultimately defined as the realization of the Kingdom of God as a perfect and unified political system under the One Ruler Only through a deconstruction of this semantic performance of the Spirit are we to look for an alternative understanding of God and a Trinitarian dynamics that could stress singularity and relationality without reducing community to a merely organic totality **The Priesthood of All Believers in the Twenty-First Century** Robert A. Muthiah,2009-05-01 Robert Muthiah believes a deepened theology of the priesthood of all believers is essential for answering the crucial questions of what shape the church should take in the twenty first century and how this theological query relates to the lived experiences of congregations Emerging churches which tend to develop vibrant practices of the priesthood of all believers need to develop more fully their ecclesiological underpinnings while historic churches with a well developed theology of the priesthood of all believers need a renewed vigor to allow this theology to shape their congregational lives With recourse to relevant New Testament texts and theological conversations *The Priesthood of All Believers in the Twenty First Century* argues for a fresh understanding and embodiment of the priesthood of all believers by setting ecclesiology

postmodern culture and congregational practices in dialogue Elements of the discussion include ecumenical and Free church perspectives Trinitarian correspondence postmodern social structures the relevance of Alasdair McIntyre s social practices for congregations and forms of congregational leadership

**Pneumatology at the Beginning of the Third Millennium** Kevin Wagner, Peter John McGregor, M. Isabell Naumann, 2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the average Christian and the academic theologian perhaps more than it has in recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church *Pneumatology at the Beginning of the Third Millennium* will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity

The Ground of Union A. N. Williams, 1999-06-17 This book attempts to resolve some of the oldest and most bitter controversies between the Eastern and Western Christian churches those concerning the doctrine of God the nature of salvation and theological method all of which converge in the doctrine of deification Deification was the dominant patristic model of salvation and remained the essential paradigm in the East but was thought to have disappeared from Western theology by the Middle Ages A N Williams examines two key thinkers each of whom is championed as the authentic spokesman of his own tradition and reviled by the other side Taking Thomas Aquinas as representative of the West and Gregory Palamas for the East she presents fresh readings of their work that both reinterpret each thinker and show an area of commonality between them much greater than has previously been acknowledged

God, Evil and the Limits of Theology Karen Kilby, 2020-09-03 Karen Kilby explores the doctrine of the Trinity and issues of evil suffering and sin She offers a critique of the lack of respect for mystery found in the most popular Trinitarian thinking of our time Kilby gives an apophatic reading of Aquinas on the Trinity and offers a distinct next step in the sequence on the Trinity the appeal of social doctrines of the Trinity lies principally in their ecclesial and political relevance She engages with Miroslav Volf s famous *The Trinity is our social program* essay and addresses the question of what an alternative politics of an apophatic theology of the Trinity might look like The essays explore the question of theodicy and argue that evil poses a question to Christians and Christian s theology which can neither be answered nor dismissed Kilby argues that Christians must live with this mystery this lack of resolution rather than trying to diminish the gravity of evil or allowing evil to dictate their conception of God s goodness or power By offering a critical reading of Hans Urs von Balthasar and Julian of Norwich she explores the question of whether Christianity can avoid giving a positive valuation to suffering and concludes the two represent two different strands within the Christian tradition in relation to thought on suffering

**Pars: Volume 3, Human Beings and God's Governance of Creation, QQ 75-119** Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers
