A Womans Voice:

The Power of a Woman's Voice in Medieval and Early Modern Literatures Albrecht Classen, 2012-02-13 The study takes the received view among scholars that women in the Middle Ages were faced with sustained misogyny and that their voices were seldom heard in public and subjects it to a critical analysis The ten chapters deal with various aspects of the question and the voices of a variety of authors both female and male are heard The study opens with an enquiry into violence against women including in texts by male writers Hartmann von Aue Gottfried von Stra burg Wolfram von Eschenbach which indeed describe instances of violence but adopt an extremely critical stance towards them It then proceeds to show how women were able to develop an independent identity in various genres and could present themselves as authorities in the public eye Mystic texts by Hildegard of Bingen Marie de France and Margery Kempe the medieval conduct poem known as Die Winsbeckin the Devout Books of Sisters composed in convents in South West Germany but also quasi historical documents such as the memoirs of Helene Kottaner or Anna Weckerin s cookery book demonstrate that far more women were in the public gaze than had hitherto been assumed and that they possessed the self confidence to establish their positions with their intellectual and their literary achievements

A Woman's Voice Isabella Carlisle Plank, 1902 *The Female Voice* Jean Abitbol, 2019-01-07 All you ever wanted to know about the female voice but you never dared to ask by the leading world expert Dr Jean Abitbol Enriched with numerous fascinating anecdotes this exciting book covers the journey of the female voice and its development and impact on others from motherhood to old age And the journey is full of surprises with answers to fascinating questions Does voice have a sex Is that voice sexual or hormonal Is it genetic or epigenetic Why do female voices change less at puberty than men s voices How does a woman s voice change during her menstrual cycle Is the female biological clock still a mystery How and why is the voice the target of the sexual hormones What kind of treatments are we using today from contraceptive pills hormonal replacement therapy to alternative medicine that affect the voice and how do they affect it Is a woman s voice damaged after the hormonal earthquake that takes place when she is in her fifties Could we avoid or prevent the aging voice in women What are the specific pathologies affecting the female vocal folds What are the links between diet hygiene and exercise and how do they affect the female voice Like a ship on the waves of the sea of life the female voice a life space time continuum travels through the winds of emotion and hormonal changes brought about by aging Dr Jean Abitbol guides the reader through these changes mapping the female voice s journey through life With his guidance you will come to see and to understand the emotion the power the seduction the force and the charm of the female voice and how they converge to make up the female persona

Jardim,2016-04-08 Protest is an activity not associated with the pious and collectively minded but more often seen as an activity of the liberal and rebellious Judaism Christianity and Islam are commonly understood as paragons of submission and obedience following Abraham s example Yet the scriptures of all three faiths are founded in the prophets protesting wrongs in the social order The Qur an claims that men and women and the relations between them are a sign from God The question is to what extent are women silenced in the text and do they share with men in shaping the prophetic scriptures This book finds that far from silencing women the Qur an affirms the female voice as protester for justice and as questioner of Theology In this reading of the female role in divine revelation in the Islamic text Georgina Jardim returns to the scriptures of the Judeo Christian counterpart of the Abrahamic faiths to investigate whether the Bible may claim women as brokers of revelation The result is an enriched understanding of divine communication in the Abrahamic scriptures and a commonplace for reasoning about the female voice as speaker in the Word of God **The American History and Encyclopedia of Music: Musical dictionary.
