Britain and the Dictators Robert W. Seton-Watson,1938 **Britain and the Dictators** Robert William Seton-Watson,1938 Responses to Nazism in Britain, 1933-1939 D. Stone,2003-09-09 This book examines the large and previously neglected body of literature on Nazism that was produced in the years 1933 1939 Shifting attention away from high politics or appeasement it reveals that a remarkably wide range of responses was available to the reading public From sophisticated philosophical analyzes of Nazism to pro Nazi apologies the book shows how Nazism informed debates over culture and politics in Britain and how before the war and the Holocaust made Nazism anathema it was often discussed in ways that seem surprising today **British Foreign Office Documents on the Macedonian Question, 1919-1941** Ilko Drenkov,2021-03-31 A collection of original British Foreign Office documents on the Macedonian Question accompanied with a professional preface introducing the problem *A Bibliography of British History* Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Modernizing England's Past** Michael Bentley,2006-01-12 What came before postmodernism in historical studies By thinking through the assumptions methods and cast of mind of English historians writing between about 1870 and 1970 this book reveals the intellectual world of the modernists and offers a full analysis of English historiography in this crucial period Modernist historiography set itself the objective of going beyond the colourful narratives of whigs and popularizers in order to establish history as the queen of the humanities and as a rival to the sciences as a vehicle of knowledge Professor Bentley does not follow those who deride modernism as positivist or empiricist but instead shows how it set in train brilliant new styles of investigation that transformed how historians understood the English past But he shows how these strengths were eventually outweighed by inherent confusions and misapprehensions that threatened to kill the very subject that the modernists had intended to sustain **Bookseller's catalogues** Thornton J. and son,1883 *British Policy and Public Opinion Toward the Spanish Civil War, 1936-1939* John Charles Jacques,1950 Appeasement in Crisis D. Gillard,2007-09-12 After Munich the British Government expressed readiness to defend what remained of Czechoslovakia Six months later Hitler ignored the warning and faced only verbal condemnation A fortnight later Chamberlain s Cabinet tried and failed to protect Poland by a similar guarantee Their deliberations show how and why they had so miscalculated *The Filibuster* D. G. Bridson,2014-01-13 Wyndham Lewis as writer and painter was one of the great creative geniuses of this century and also one of the most neglected A large part of the cause of that neglect has been the enduring distrust of Lewis s political thinking which has been greatly misunderstood and misrepresented A leading intellectual in an age of intellectuals Lewis was outspoken in praise and criticism and swimming against the mood of the times became wrongly identified with the Fascist

cause Yet the truth is that there is no convenient political label to pin on Wyndham Lewis for he was too much of an individualist ever to espouse a cause D G Bridson a close friend of Wyndham Lewis in the latter part of his life has examined critically the evolution of Lewis s ideas over some thirty years of writing The Filibuster is an attempt to convey the changing overall pattern of his political thinking to clear away the misunderstandings and allow us to assess Lewis more truly both as a man and an artist in the historical context of his times the turbulent years between 1920 and 1950 *Britain's Reaction to the Rise of Hitler, 1933-1936* Peter Duignan,1953 **The Influence of the German Navy on the British Search for Naval Arms Control, 1928-1935** Robin Martin Rudoff,1965 **The National Union Catalog, Pre-1956 Imprints** ,1968 *New Statesman and Nation* ,1926 **Great Britain, the United States, and the Bohemian Lands 1848-1938** Collegium Carolinum (Munich, Germany).
