British Orchids Angus Duncan Webster,1898      Orchid Summer Jon Dunn,2018-03-08 A heady celebration of the beauty and history of the wild orchid species of the British Isles embraced in one glorious and kaleidoscopic summer long hunt by naturalist Jon Dunn From the chalk downs of the south coast of England to the heathery moorland of the Shetland Isles and from the holy island of Lindisfarne in the east to the Atlantic frontier of western Ireland Orchid Summer is a journey into Britain and Ireland s most beautiful corners The flowers that are the focus of this treasure hunt are exquisite and diverse Some resemble insects and develop scents that mimic the smell of a virgin female wasp in order to lure male wasps to sample their unsatisfying charms Some tower above the surrounding vegetation others are vanishingly small and discrete Some are sweetly scented others smell of ripe billy goats Some can be readily found but some will prove more elusive none more so than the last to flower the rarest of them all the ghost orchid Capturing the intoxicating beauty of these rare and charismatic flowers Orchid Summer is also an exploration of their history their champions their place in our landscape and the threats they face Combining infectious enthusiasm and a painterly eye with a deep knowledge that comes from a lifetime s passionate devotion to their study Dunn sweeps us up on his adventure one from which it is impossible not to emerge enchanted and enriched      The Orchid Outlaw Ben Jacob,2023-05 LONGLISTED FOR THE WAINRIGHT PRIZE

SHORTLISTED FOR THE RICHARD JEFFERIES AWARD A daring delightful and galvanising call to save the world one plant at a time Bookseller Editor s ChoiceTEN YEARS AGO BEN JACOB TURNED OUTLAW TO SAVE OUR RAREST FLOWERS THIS IS HIS STORY Obsessed by orchids since childhood Ben spent years travelling to far flung jungles to see them in the wild Then a chance encounter set him off on a journey of discovery into the wonderful but often forgotten world of Britain s fifty one native species These include the Bee which looks and smells so much like one that even bees are fooled the Ghost which exists without sunlight and Autumn Lady s Tresses which gave Darwin the proof he needed for his theory of evolution But our orchids are in desperate trouble Many species are facing extinction Decimated by changes in land use and climate inadequately protected by environmental and planning laws their habitats are disappearing fast Determined to act before it was too late Ben broke into building sites in the dead of night to rescue threatened plants and turned his kitchen into a laboratory his fridge into storage for hundreds of baby orchids and his back yard into a plantation But doing all that put him on the wrong side of the law At once a memoir a natural history and an inspiring call to action reintroducing us to Britain s most endangered flowers The Orchid Outlaw shows us how we can all save the world one plant at a time      The Wild
