Building in the British Economy Between the Wars Harry W Richardson,Derek H. Aldcroft,2025-06-01 Originally published in 1968 this important work covers a crucial period in Britain s economic history In the three or four decades before the First World War British industry was subject to increasing foreign competition particularly from America and Germany This book reviews the main developments in 10 industries paying particular attention to the way in which they were affected by foreign competition and the measures taken to combat it Each case is analysed in terms of how progressive the British industrialists were and to what extent they were willing to innovate or alter their methods to meet the new conditions In cases where a lack of enterprise was clear the contributors have tried to determine what the major factors were which governed the pace of innovation The book will be of interest to economists economic historians and sociologists as well as those interested in industrial innovation

Hertzman,Shona Kelly,Martin Bobak,1996-08-31 This volume presents the proceedings of an Advanced Research Workshop held under the auspices of the NATO International Scientific Exchange Programme on the Environmental and Non environmental Determinants of the East West Life Expectancy Gap in Europe The workshop brought together individuals from Eastern and Western Europe and North America who had a common interest in understanding the evolution of the relative declines in life expectancy in Central and Eastern Europe compared to the West over the past 30 years Between 1989 and 1993 I carried out a series of investigations into the effects of environmental pollution on human health in Central and Eastern Europe at first under the auspices of the World Bank and later under a broader multilateral multi agency arrangement known as the Environment for Europe Process These investigations provided unparalleled access to environmental health data from the region and offered a glimpse of what the contribution of pollution to health status was and what it was not At the same time the Program in Population Health of the Canadian Institute for Advanced Research

CIAR and the International Centre for Health and Society ICHS at University College London were embarking upon multi disciplinary inquiries into the broad determinants of health in modern societies The work of the CIAR provided a framework for conceptualizing the East West life expectancy gap and its potential determinants the work of the ICHS provided specific insights into the relative contributions of these determinants *Manuel de civilisation britannique* Bernard Cottret, Michael Hearn, Antoine Mioche, 2004 Directement issu de plusieurs années de pratique pédagogique ce manuel est principalement destiné aux étudiants d'anglais du premier cycle universitaire Sont abordés tour à tour l'environnement humain le cadre institutionnel les phénomènes politiques les questions sociales ainsi que la place de la Grande Bretagne dans le monde Un résumé en français souligne les points saillants de l'exposé rédigé en anglais afin de familiariser l'étudiant avec les nécessités des examens De nombreux tableaux ou graphiques facilitent la mémorisation des institutions ou des grandes dates de l'histoire britannique Une sélection de près de 80 textes se prête à une double utilisation soit en travaux dirigés soit sous forme de travail personnel Cette nouvelle édition a été entièrement revue et actualisée

Chaudhuri, 2008 **The Popular Magazine in Britain and the United States, 1880-1960** David Reed, 1997 The period from the end of the 19th century to 1960 was one of significant change and development in the popular magazine industry The growth of an interlocking railway system in the earlier part of the 19th century had presented new distribution opportunities for magazine publishers who quickly exploited them Later in the century the introduction of cheaper paper and smoother print surfaces enabled the development of half tone printing Other factors such as the introduction of rotary presses and mechanical typesetting also had a significant impact on costs and speed of production *Congress of Arts and Science: Economics.
