H. Pedaliu, Richard Smith, 2017-02-16 This book addresses the interface of the British Foreign Office foreign policy and commerce in the twentieth century Two related questions are considered what did the

Foreign Office do to support British commerce and how did commerce influence British foreign policy The editors of this work collect a range of case studies that explore the attitude of the Foreign Office towards commerce and trade promotion against the backdrop of a century of relative economic decline while also considering the role of British diplomats in creating markets and supporting UK firms This highly researched and detailed examination is designed for readers aiming to comprehend the role that commerce played in Britain s foreign relations in a century when trade and commerce have become an inseparable element in foreign and security policies

**The Future of British Foreign Policy** Christopher Hill,2019-03-12 Since 1945 Britain has had to cope with a slow descent from international primacy The decline in global influence was intended to be offset by the United Kingdom s entry into Europe in 1975 with the result that national foreign policy came to rest on the two pillars of the Atlantic alliance and the Common Foreign and Security Policy of the EU Yet with Brexit one of these pillars is now being removed leaving Britain facing some serious challenges arising from the prospect of independence In this incisive book Christopher Hill explores what lies ahead for British foreign policy in the shadows of Brexit and a more distant and protectionist America under Donald Trump While there is much talk of a renewed global profile for the UK Hill cautions that this is going to be difficult to turn into practical reality Geography history and limited resources mean that Britain is doomed to seek a continued foreign policy partnership with the Member States of the Union only now it will be from outside the room looking in As a result there is the distinct possibility that both British and European foreign policies will end up worse off as the result of their divorce

**British Diplomacy and Foreign Policy, 1782-1865** John Charles Clarke,1989

**The Future of British Foreign Policy** Max Beloff,1969 *British Foreign Policy and the National Interest* T. Edmunds,J. Gaskarth,R. **British foreign policy and the 'Arab Spring'** Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2012-07-19 Eighteen months since the Arab Spring began there has been extraordinary progress in Egypt Tunisia and Libya Yet many challenges still lie ahead not least the need to support and reform the economies of these Arab Spring states In 2011 the G8 Deauville Partnership identified 38 billion of funding available to support reform The UK must use its leadership in the EU and G8 to ensure that we deliver on our promises The Government needs to learn lessons from its experience in anticipating and handling the Arab Spring Questions arose about the FCO s staffing levels linguistic expertise and information gathering in the Middle East and North Africa region although diplomats understood well the long term problems in the region The report welcomes the Government s recent moves to establish contacts with Islamist parties in the region and calls for deeper engagement to demonstrate at an early stage the UK s support and assistance for democratically elected leaders who respect human rights and democratic reforms The BBC s

Arabic Service further highlighted the importance of the BBC World Service in providing an independent news service and enhancing the UK's standing in the region. The Committee welcomes the Government's decision to reverse planned cuts to the Arabic Service last year, expresses concerns that cuts made elsewhere in the World Service will prove detrimental to the national interest and urges that there be a sustained investment in the World Service.
