New Labour,

New Britain? Glen O'Hara, 2006-02-10 A bold and balanced re appraisal of New Labour in power Rewriting the story of New Labour Glen O Hara challenges the prevailing narrative to present a more balanced and positive assessment New Labour New Britain is the first book to examine both the intentions behind New Labour s domestic policies and their real world effects moving beyond the entrenched left right debates that have dominated the party s legacy The period from 1997 to 2007 marked a pivotal moment in modern British history as New Labour sought to reshape Britain into a more cohesive and forward thinking society It saw the rise of socially liberal attitudes and flourishing public services under a government committed to rebuilding and investing in them Yet New Labour s track record was far from flawless and its legacy remains complicated and contested Through interviews with key players and rigorous archival research O Hara offers a new perspective on Tony Blair s years in power Painting a fuller picture of New Labour s successes and challenges he highlights its lasting impact on Britain and offers a thoughtful reassessment of its place in history **Putting Voters in Their Place** Ron Johnston, Charles Pattie, 2006-10-12 Using information from the UK elections this title shows how voters and parties are affected by and seek to influence both national and local forces placing the analysis of electoral behaviour into its geographical context **A History of the British Labour Party, Third Edition** Andrew Thorpe, 2008-03-15 Thorpe s history of the Labour Party has now been updated to offer a detailed analysis of Tony s Blair s thirteen year leadership and includes the story of Gordon Brown s appointment as PM *The British Polity* Philip Norton, 2011 This book provides a clear conceptual framework for the understanding of British politics influenced in broad terms by a systems approach to public policy It considers the bodies responsible for scrutinizing and legitimizing the policies of the U K government Parliament and the monarchy *Britain Votes 2005* Pippa Norris, Christopher Wlezien, 2005 This text provides a stimulating analysis of the campaign and results in the 2005 British General Election It includes studies of voting behaviour party politics public opinion political behaviour and political sociology **British Political Facts Since 1979** D.
