British Intelligence, Strategy and the Cold War 1945-1951 Richard Aldrich,1991 *British Intelligence, Strategy and the Cold War 1945-1951* Richard James Aldrich,1991 *British Intelligence, Strategy and the Cold War, 1945-51* Richard J. Aldrich,2005-08-12 The Cold War is often considered to be the quintessential intelligence conflict Yet secret intelligence remains the missing dimension of Britain s Cold War history This volume offers an authoritative picture of Britain s clandestine role in the development of the Cold War focusing upon the key issues of intelligence and strategy *The British Army, the Gurkhas and Cold War Strategy in the Far East, 1947-1954* Raffi Gregorian,2002-05-10 This book argues that postwar Britain s imperial over extension has been exaggerated Britain developed and adjusted its defence strategy based upon the perceived Communist threat and available resources It was especially successful at adapting to meet the strategic and resource challenges from the Far East from 1947 54 There British and Gurkha forces were deployed only in contingencies that threatened vital British interests while the U S and Commonwealth allies were persuaded to accept key wartime missions thus preserving Britain s ability to fight in Western Europe *Propaganda and Intelligence in the Cold War* Linda Risso,2014-01-10 This book offers the first account of the foundation organisation and activities of the NATO Information Service NATIS during the Cold War During the Cold War NATIS was pivotal in bringing national delegations together to discuss their security information and intelligence concerns and when appropriate or possible to devise a common response to the Communist threat At the same time NATIS liaised with bodies like the Atlantic Institute and the Bilderberg group in the attempt to promote a coordinated western response The NATO archive material also shows that NATIS carried out its own information and intelligence activities *Propaganda and Intelligence in the Cold War* provides the first sustained study of the history of NATIS throughout the Cold War Examining the role of NATIS as a forum for the exchange of ideas and techniques about how to develop and run propaganda programmes this book presents a sophisticated understanding of the extent to which national information agencies collaborated By focusing on the degree of cooperation on cultural and information activities this analysis of NATIS also contributes to the history of NATO as a political alliance and reminds us that NATO was and still is primarily a political organisation This book will be of much interest to students of NATO Cold War studies intelligence studies and IR in general *Churchill's Cold War* Klaus Larres,2002-01-01 En dybtg ende veldokumenteret analyse af britisk udenrigspolitik i gennem de f rste 10 efterkrigs r herunder bl a den engelsk amerikansk franske man vre for at afv rge Sovjetunionens bestr belser for at genforene Tyskland *Britain's Retreat from East of Suez* Saki Dockrill,2002-07-09 This book based on recently declassified documents in Britain and the USA is the first detailed account of Britain s East of Suez decision which was taken by the Harold Wilson Government in 1967 68 Contrary to received opinion the author argues that the decision was not taken hastily as a result of the November 1967 devaluation Nor is there any hard evidence to support the notion that there existed a Pound Defence deal with the USA Despite Washington s

pressure to maintain Britain's East of Suez role the decision was taken by the Labour Government on the basis of a long term effort to re-examine Britain's world role since 1959 and it marked the end of an era for postwar Britain Britain and Jordan Tancred Bradshaw, 2012-03-30 In the wake of the establishment of the State of Israel in 1948 it has often been alleged King Abdullah I of Jordan and the Zionist movements colluded to partition Mandate Palestine between them while Great Britain the retreating imperial power gave them tacit approval to do so Here Tancred Bradshaw challenges these allegations looking at the complex and often strained relations between the emerging states of Jordan Israel and the at first hegemonic and then crumbling British Empire Using a wide range of primary sources which have previously been largely ignored Britain and Jordan offers an essential re-examination of the relationships which were to shape the Middle East as it is today It thus contains vital analysis for anyone involved in the study of the Middle East its politics and history as well as the demise of Britain's empire in the region *Great Britain, the United States, and the Security of the Middle East* Magnus Persson, 1998 Examines the at once competitive and cooperative nature of Anglo American relations in the 1953 to 1955 formation of the multinational security organization known as the Baghdad pact which was designed to keep Soviet influence out of the Middle East The author argues that policy disagreements over such issues as the treatment of Iraq in contrast to the two countries shared view of the necessity of a containment policy against the Soviet Union are typical of the paradoxical nature of the relationship between the US and Britain a relationship which nevertheless is primarily characterized by collaboration Annotation copyrighted by Book News Inc Portland OR **Post-Cold War, Democratization, and National Intelligence** Jin-hyun Kim, Chung-in Moon, 1996 **Sharing Secrets with Stalin** Bradley F. Hungary's Cardinal Mindszenty The Prisoner the dystopic The Damned made by one of Hollywood's blacklisted directors Joseph Losey and the CIA funded animated version of George Orwell's classic novel Animal Farm The result is a deeply probing study of how Cold War issues were refracted through British films compared with their imported American and East European counterparts and how the British public received this war propaganda BOOK JACKET

The British Origins of Nuclear Strategy, 1945-1955 Ian Clark, Nicholas J. Wheeler, 1989 Why did Britain decide in 1947 to build an atomic bomb What military plans were there for using it This neglected dimension of British nuclear policy is assessed in detail for the first time using confidential records including those of the Chiefs of Staff which have become available for the entire post war decade The emergence and evolution of British strategic ideas about nuclear deterrence and targeting are documented and analysed by Ian Clark and Nicholas J Wheeler who also argue that British thinking was distinctive and made a much more substantial impact on nuclear strategy than American accounts would suggest They reveal that from a perspective unique to British circumstances and traditions British officials made a significant contribution to early thinking about nuclear weapons This study covers the early shift from a countervalue to a damage limitation targeting posture the assessment of the Soviet threat the impact of the Korean War the Global Strategy Paper of 1952 the decision to manufacture a hydrogen weapon in 1954 and the inter service rivalries in the mid 1950s about the nature and size of the British strategic force As well as providing a survey of British thinking it is unusual in its focus on strategic comparisons between Britain and the United States

From Reconstruction to Integration Brian Brivati, Harriet Jones, 1993 Selected from the 1992 summer school of the Institute of Contemporary British History 20 essays delve into why Britain so quickly off the mark after World War II has turned out to be among the last to join a unified Europe and still remains a semi detached member They are arranged in sections on Britain's early vision of a united Europe her search for a role from 1956 to 1973 and the awkward and often tense marriage since then Distributed in the US by St Martin's Press Annotation copyright by Book News Inc Portland OR
