This book covering the final years of steam on Britain's railways presents a wonderful array of over 200 color photographs many of them previously unpublished All the imagery is reproduced from original transparencies that have remained carefully preserved away from daylight since the day they were taken so the original vividness of color remains a rare quality This book will delight today's railway enthusiasts who are looking for new material Britain's Railways in Colour: BR Diesels in the 1960s And 70s Colin G. Maggs MBE,Colin Gordon Maggs,2010 This book covering the early years of diesel on Britain's railways presents a wonderful array of over 200 color photographs many of them previously unpublished All the imagery is reproduced from original transparencies that have remained carefully preserved away from daylight since the day they were taken so the original vividness of color remains a rare quality As high quality color photography from this period is scarce most photographers worked mainly in black and white to serve the needs of publishers this book will delight today's railway enthusiasts who are always keen to see new material unearthed and published *Steam Railways of Britain in Colour* Oswald Stevens Nock,1967 *British Rail in Colour* L. A. Nixon,1982 **British Rail** Christian Wolmar,2022-06-09

The authoritative and fascinating history of the rise and fall of the state owned British Rail Wolmar's book is impeccably organised and makes a fast enjoyable read THE TIMES Literary Supplement _____ British Rail wasn't how we're asked to remember it From ancient rolling stock to patchy service stale sandwiches to the wrong kind of snow British Rail our last great state owned organisation to be privatised has received a terrible press But after its controversial 1948 creation British Rail was actually an innovative powerhouse that over five decades transformed the UK creating one of the fastest regular rail services in the world Award winning journalist Christian Wolmar takes us from promise to punchline exploring British Rail's birth into post war austerity the many battles and struggles to evolve what many considered to be a dinosaur and how at the height of its success the service was misunderstood and unfairly maligned ruthlessly broken up and privatised _____ Praise for Christian Wolmar Wolmar is the high priest of railway studies Literary Review The greatest expert on British trains Guardian Our most eminent transport journalist Spectator If the world's railways have a laureate it is surely Christian Wolmar Boston Globe Christian Wolmar is in love with the railways He writes constantly and passionately about them He is their wisest most detailed historian and a constant prophet of their rebirth if you love the hum of the wheels and of history then Christian Wolmar is your man Observer British Railways in the 1950s and '60s Greg Morse,2012-09-20 As Britain moved from austerity to prosperity in the 1950s and 1960s it became clear that British Railways needed to modernise its equipment and rationalise its network if it was to hold its own in the face of growing competition from road and air transport After attempting to maintain pre war networks and technology in the 1950s a reversal of policy in the 1960s brought line

closures new liveries and the last breath of steam as Dr Beeching and his successors strove to break even and build a new business from the old From Britannia to the Blue Pullman Evening Star to Inter City Greg Morse takes us through this turbulent twenty year period which started with drab prospects and ended with BR poised to launch the fastest diesel powered train in the world British Railways in the 1970s and '80s Greg Morse,2013-08-10 For British Rail the 1970s was a time of contrasts when bad jokes about sandwiches and pork pies often belied real achievements like increasing computerisation and the arrival of the high speed Inter City 125s But while television advertisements told of an Age of the Train Monday morning misery continued for many the commuter experience steadily worsening as rolling stock aged and grew ever more uncomfortable Even when BR launched new electrification schemes and new suburban trains in the 1980s focus still fell on the problems that beset the Advanced Passenger Train whose ignominious end came under full media glare In British Railways in the 1970s and 80s Greg Morse guides us through a world of Traveller s Fare concrete concourses and peak capped porters a difficult period that began with the aftershock of Beeching but ended with BR becoming the first nationalised passenger network in the world to make a profit Colour, Citizenship and British Society Nicholas Deakin,Brian Cohen,Julia McNeal,1970 **British Diesel Locomotives of the 1950s and '60s** Greg Morse,2016-07-28 After the Second World War the drive for the modernisation of Britain s railways ushered in a new breed of locomotive the Diesel Diesel powered trains had been around for some time but faced with a coal crisis and the Clean Air Act in the 1950s it was seen as a part of the solution for British Rail This beautifully illustrated book written by an expert on rail history charts the rise and decline of Britain s diesel powered locomotives It covers a period of great change and experimentation where the iconic steam engines that had dominated for a century were replaced by a series of modern diesels including the ill fated Westerns and the more successful Deltics The Oil & Colour Trades Journal ,1914 **The Railway Engineer** ,1930 *Ottley's Bibliography of British Railway History. Second Supplement 12957-19605* ,1998 *British Railways in Colour* Alan Earnshaw,2004-07-01 Rails Across Britain David Cable,2017-04-19 A collection of full size color photographs of trains that have operated in Great Britain over the last thirty years from a well regarded railway expert Rails Across Britain brilliantly illustrates the various classes and the huge myriad of color schemes that have been used throughout the years from the great days of the British Rail to the era of Privatization The contrast between the cash strapped British Rail from an almost universal blue and grey color scheme to the well funded privatized multi colored system seen today is well portrayed in this comprehensive album in which more than one photo of a class is shown This selection of photographs has been specifically chosen to demonstrate an undeniably wide range of locations from Fort William in Scotland to St Austell in Cornwall and of course in a variety of British weather conditions The emphasis is therefore on the beauty of the train in its surroundings *British Railways in Colour* Alan Earnshaw,2004-10-01 **Locomotives and Railways** ,1901 *The Railway Magazine* ,1928
