Business History around the World Franco Amatori, Geoffrey Jones, 2003-09-18 This 2003 book offered the first in depth international survey of contemporary research and debates in business history Over the two decades leading to its publication enormous advances had been made in writing the history of business enterprise and business systems Historians are documenting and analyzing the evolution of a wide range of important companies and systems their patterns of innovation production and distribution their financial affairs their political activities and their social impact Each essay is written by a prominent authority who provides an assessment of the state and significance of research in his or her area This volume is a reference work that will be of immense value to historians economists management researchers and others concerned to access the latest insights on the evolution of business throughout the world

Twentieth-century Britain F. M. Leventhal, 2002 This encyclopedia contains some 500 articles arranged alphabetically from abortion to Yeats William Butler Leventhal British history Boston U chose the material partly to reflect his own interests in social and cultural history the history of the labor movement and in music and art but did not attempt to impose a universal style on contributors and included entries related to most major other aspects of 20th century British history Annotation copyrighted by Book News Inc Portland OR

Canada and the End of Empire Phillip Buckner, 2007-10-01 Sir John Seeley once wrote that the British Empire was acquired in a fit of absence of mind Whatever the truth of this comment it is certainly arguable that the

Empire was dismantled in such a fit This collection deals with a neglected subject in post Confederation Canadian history the implications to Canada and Canadians of British decolonization and the end of empire Canada and the End of Empire looks at Canadian diplomatic relations with the United Kingdom and the United States the Suez crisis the changing economic relationship with Great Britain in the 1950s and 1960s the role of educational and cultural institutions in maintaining the British connection the royal tour of 1959 the decision to adopt a new flag in 1964 the efforts to find a formula for repatriating the constitution the Canadianization of the Royal Canadian Navy and the attitude of First Nations to the changed nature of the Anglo Canadian relationship Historians in Commonwealth countries tend to view the end of British rule from a nationalist perspective Canada and the End of Empire challenges this view and demonstrates the centrality of imperial history in Canadian historiography An important addition to the growing canon of empire studies and imperial history this book will be of interest to historians of the Commonwealth and to scholars and students interested in the relationship between colonialism and nationalism

The British Motor Industry James Foreman-Peck, Sue Bowden, Alan McKinlay, 1995 The story is taken back to the beginnings of the motor car Labour relations and management policy are analysed in detail as is the impact of government policy Particular attention is paid to national demand conditions and to demand shocks as formative influences
