## **Building Your Family To Last:**

**Building Your Family to Last** Kari Torjesen Malcolm, 2006-07-01 Have you ever met a family so special that you'd like to become a kid again and sign up? Such families play together, pray together, and grow together. The parents have a spiritual maturity that carries them through the crises of life. The children hold fast to the faith even during the turbulent teen years. That's the kind of family Kari Torjesen Malcolm wants to help you build. She's had that kind of family, and her experiences will inspire and challenge you. She'll show you what it means to put Christ first in your life. She deals candidly with the big issues that tend to tear families apart: sex, money, and power. She will help you put the spiritual disciplines to work to deepen your fellowship. And she'll show you how serving others can help you serve each other better. With her help, your family will stay together on the journey of faith. Malcolm is the author of *Women at the Crossroads*. Born in China of Norwegian missionary parents, she spent fifteen years on the mission field in the Philippines where her two children were reared. Her broad cross-cultural experience lends a richness and depth to her writing that is hard to match. Here you will find help for: 1. putting Christ first, 2. reaching out to the world together, 3. nurturing young children in the faith, 4. spiritual disciplines at home, 5. staying together against the odds.

**Building Your Family** Lisa Schuman, Mark Leondires, 2023-11-14 Building Your Family is the first all-inclusive guide by experts to cover both the medical and emotional aspects of becoming a parent through donor conception. Once shrouded in secrecy, modern families built with the assistance of egg or sperm donation are growing in numbers and voice. As more people see friends, family members, and celebrities use donor conception to build their families, the process has become much more mainstream and accepted. The number of donor sperm programs and egg banks have grown enormously in the past decade, and the news is full of stories of athletes, journalists, and entertainers like Elton John, Anderson Cooper, Andy Cohen, Camille Guaty, and Natalie Imbruglia who have used donor gametes to have their children. The authors, Lisa Schuman, a licensed clinical social worker and therapist, and Dr. Mark Leondires, a board-certified Reproductive Endocrinologist, have decades of experience working closely with patients who have chosen to use donated eggs and sperm, as well as their own personal stories of fertility treatment and non-genetic parenthood. Together, they walk readers through the medical, emotional, and genetic aspects of donor conception, common ethical dilemmas, managing relationships with friends and family members, ways to tell donor-conceived children about their origins, and strategies to cope with the challenges of fertility treatment. In a compassionate and authoritative narrative, they help hopeful parents to find their way forward with confidence and joy.
