Burma Myth Of French Intrigue:

Burma Lipi Ghosh,1994 **Myanmar (Burma) since the 1988 Uprising** Andrew Selth,2022-01-24 Updated by popular demand this is the fourth edition of this important bibliography It lists a wide selection of works on or about Myanmar published in English and in hard copy since the 1988 pro democracy uprising which marked the beginning of a new era in Myanmar s modern history There are now 2 727 titles listed They have been written edited translated or compiled by over 2 000 people from many different backgrounds These works have been organized into thirty five subject chapters containing ninety five discrete sections There are also four appendices including a comprehensive reading guide for those unfamiliar with Myanmar or who may be seeking guidance on particular topics This book is an invaluable aid to officials scholars journalists armchair travellers and others with an interest in this fascinating but deeply troubled country **The Making of Modern Burma** Thant Myint-U,Thant Myint-U.,2001-03-26 Burma has often been portrayed as a timeless place a country of egalitarian Buddhist villages ruled successively by autocratic kings British colonialists and most recently a military dictatorship The Making of Modern Burma argues instead that many aspects of Burmese society today from the borders of the state to the social structure of the countryside to the very notion of a Burmese identity are largely the creations of the nineteenth century a period of great change away from the Ava based polity of early modern times and towards the British Burma of the 1900s The book provides a sophisticated and much needed account of the period and as such will be an important resource for policy makers and students as a basis for understanding contemporary politics and the challenges of the modern state It will also be read by historians interested in the British colonial expansion of the nineteenth century

Executions by the Half-dozen Terence R. Blackburn,2008 On the third Anglo Burmese War 1885 *Jadavpur Journal of International Relations* ,1996 *Western Power in Asia* Arthur Cotterell,2011-08-04 For centuries the major poweres of the West were seduced by the allure of the countries of the Far East Spices textiles silk and tea were the staples of East West trade But competition between Western traders eventually caused military intervention in Asian affairs and the establishment of colonial empires These actions have shapred the history of mankind and left a legacy that still reverberates throughout Asia Western Power in Asia is a unique contribution to the understanding of present day Asia Essential reading for anyone interested in world history Arthur Cotterell offers fascinating insights into five hundred extraordinary years of power and influence by the West which disappeared spectacularly after the Second World War The author s ability to tell both sides of the story with the aid of contemporary illustrations as well as quotations makes this book a tremendous resource for students of Asian history And because the entire colonial experience is covered for the first time within a single volume Western Power in Asia also provides the general reader with an unusual and invaluable perspective on East West relations As countries such as China and India become key players on the world stage Western Power in Asia provides a timely reminder of the path that led to their present positions while allowing a poignant opportunity to reflect on how they might in future

treat their Western trading partners

Political Governance and Minority Rights Lipi Ghosh,2020-11-29 This volume brings together a collection of essays analysing the current scenario in South and Southeast Asia with respect to the position of minority groups Based on an in depth investigation of some of the lasting minority majority conflicts of the post colonial period in countries that often escape comparison the articles are a rich and critical exposition of the social economic cultural and political dimensions of these struggles The central question being addressed is that of community rights in the modern nation state and how these are being understood by the two concerned parties and where and when thereof a situation of conflict arose

Eastern Indian Ocean Lipi Ghosh,2011-05-25 The Indian Ocean has attracted scholarly attention through ages As we talk of inter Asian linkages and inter regional arena studies the connections through the Bay of Bengal Eastern Indian Ocean is a fascinating subject This book is an attempt to understand how these issues of commercial and cultural linkages manifest along the Eastern Indian Ocean from the past to the present It aims to look at the various dimensions of the contemporary Eastern Indian Ocean and seeks to determine whether the past has any role to play in shaping contemporary contexts The discussions in the book will show how the revival of an ancient linkage can stimulate contemporary international trade and can promote regional cooperation The findings of the book will definitely lay the foundations for future analyses of the emerging India South East Asia relationship It is expected to be a pioneering attempt for a comprehensive and multidisciplinary examination of the region under review

India-Myanmar Relations, 1886-1948 Swapna Bhattacharya,2007

Conflicting Identities Rabindra Sen,Anindya Jyoti Majumdar,Bhagaban Behera,2019-06-26 In the era of globalization regionalism aims at a practical compromise between global governance and national aspirations Attempts have been made by states in varying degrees to advance cooperation towards mutual benefit in different parts of the world However the very process of regional cooperation in a defined geographical area adopts unique ways and special characters to accommodate the particularities of the region and does not lead to similar consequences when compared with the processes in motion in other areas This volume is the culmination of the brainstorming exercise of a National Seminar on Asian Regionalism in the Twenty First Century at the Department of International Relations Jadavpur University Kolkata The task is to fulfil two main objectives to join the debate on the efficacy of regionalism today and make a meaningful contribution to an understanding of the subject and also to suggest ways of tiding over the problems faced by the countries in various regions or sub regions of the Asian continent in their attempts to advance towards the goal of regional cooperation and integration The essays in this book are envisioned to benefit not only a wide community of scholars involved in teaching and research in general and the students of international relations in particular but would also be of interest to any avid reader who intends to explore the patterns of contemporary world politics Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
