The Ashes of Waco Dick J. Reavis, 1995 This is the story the daily press didn't give us the definitive book about what happened at Mt Carmel near Waco Texas examined from both sides the Bureau of Alcohol Tobacco and Firearms ATF and the FBI on one hand and David Koresh and his followers on the other Dick J Reavis points out that the government had little reason to investigate Koresh and even less to raid the compound at Mt Carmel The government lied to the public about most of what happened about who fired the first shots about drug allegations about child abuse The FBI was duplicitous and negligent in gassing Mt Carmel and that alone could have started the fire that killed seventy six people Drawing on interviews with survivors of Koresh's movement which dates back to 1935 long before Koresh was born on published accounts on trial transcripts on esoteric religious tracts and audiotapes that tell us who Koresh was and why people followed him and most of all on secret documents that the government has not released to the public yet Reavis has uncovered the real story from beginning to end including the trial that followed
