Destination Chicago Jazz:

Destination Chicago Jazz Sandor Demlinger, 2003 Destination Chicago Jazz Sandor Demlinger, John Steiner, 2003
Jazz it was America's first truly indigenous music Starting in the red hot clubs of New Orleans jazz made its way north and settled in Chicago The Windy City became a focal point for musicians and many jazz legends made names for themselves here including Jelly Roll Morton Joe King Oliver and Louis Armstrong As jazz grew in popularity Chicago became a hub of musical genius Jimmy McPartland Muggsy Spanier and Benny Goodman were just a few of the artists who benefited from the influx of talent into their hometown From these early days jazz has spread to influence musical styles worldwide Destination Chicago Jazz is a virtual tour of the city's most influential jazz havens telling the story of the amazing musicians and the unparalleled musical phenomenon they created Readers will find images of the many world famous theatres that lined State Street the hot jazz clubs that made the city's South Side a musical Mecca and the celebrated players that made it all possible Destination Chicago Jazz provides a captivating history of the beginnings of jazz on the South Side downtown's golden age and the quick and far reaching effect the music had on the city's North and West Sides **Jazz** Eddie S. Meadows, 2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade *Louis Armstrong, Duke Ellington, and Miles Davis* Aaron Lefkowitz, 2018-06-20 This book examines Louis Armstrong Duke Ellington and Miles Davis as distinctively global symbols of threatening and nonthreatening black masculinity It centers them in debates over U S cultural exceptionalism noting how they have been part of the definition of jazz as a jingoistic and exclusively American form of popular culture Annual Review of Jazz Studies 13: 2003 Edward Berger, Henry Martin, Dan Morgenstern, George Bassett, Evan Spring, 2007-08 This 13th issue of the ARJS includes an extensive study of the saxophonist Sonny Red an analysis of a composition by Steve Swallow a new perspective on John Coltrane's compositional approach and an examination of Miles Davis's classic Walkin plus book reviews and a continuing bibliography of scholarly articles about jazz in non jazz journals **The Invention and Reinvention of Big Bill Broonzy** Kevin D. Greene, 2018-09-28 Over the course of his long career legendary bluesman William Big Bill Broonzy 1893 1958 helped shape the trajectory of the genre from its roots in the rural Mississippi River Delta through its rise as a popular genre in the North to its eventual international acclaim Along the way Broonzy adopted an evolving personal and professional

identity tailoring his self presentation to the demands of the place and time His remarkable professional fluidity mirrored the range of expectations from his audiences whose ideas about race national belonging identity and the blues were refracted through Broonzy as if through a prism Kevin D Greene argues that Broonzy s popular success testifies to his ability to navigate the cultural expectations of his different audiences However this constant reinvention came at a personal and professional cost Using Broonzy s multifaceted career Greene situates blues performance at the center of understanding African American self presentation and racial identity in the first half of the twentieth century Through Broonzy s life and times Greene assesses major themes and events in African American history including the Great Migration urbanization and black expatriate encounters with European culture consumers Drawing on a range of historical source materials as well as oral histories and personal archives held by Broonzy s son Greene perceptively interrogates how notions of race gender and audience reception continue to shape concepts of folk culture and musical authenticity

Chicago Tribune Index,2008 Jazz Improv,2005 *The British National Bibliography* Arthur James Wells,2006 *Jazz Times*,2008 AAA ILLINOIS INDIANA AND OHIO TOURBOOK, Listening for Henry Crowder Anthony Barnett,2007 Cultural Writing Music

Henry Crowder consort of Nancy Cunard was Eddie South's pianist from 1927-1928. This 128-page monograph with previously undocumented materials includes an essay, roll discography, some 90 photos, documents, music CD insert with rolls and recordings including the Crowder-Cunard composition "Memory Blues" aka "Bouf sur le toit" and new recordings by New York vocalist Allan Harris of six compositions by Crowder including his collaboration with Samuel Beckett "Because Barnett's". Research is so scrupulous and diligent his delight in fact over conjecture so enlivening I would like to see this book in universities not just on the library shelves because it is an essential text for anyone interested in the culture of the last century and its implications.
