Developing Managers Through Behavior Modeling:

Developing Managers Through Behavior Modeling James C. Robinson, 1982-01-01 **Personnel Literature** United States. Office of Personnel Management. Library, 1984

The SAGE Handbook of Workplace Learning Margaret Malloch, Len Cairns, Karen Evans, Bridget N O'Connor, 2010-09-21 This Handbook provides a state of the art overview of the field of workplace learning from a global perspective The authors are all well placed theoreticians researchers and practitioners in this burgeoning field which cuts across higher education vocational education and training post compulsory secondary schooling and lifelong education The volume provides a broad based yet incisive analysis of the range of theory research and practical developments in workplace learning The editors draw together the three essential areas of Theory Research and Practice and Issues and Futures in the field of Workplace Learning In addition final chapters include recommendations for further development Key researchers and writers in the field have approached workplaces as the base of learning about work that is work based learning There has also been emerging interest in variations of this idea such as learning about through and at work Many of the theoretical discussions have centred on adult learning and some on learners managing their own learning with emphasis on aspects such as communities of practice and self directed learning In Europe and Australia early work in the field was often linked to the Vocational Education and Training VET traditions with concerns around skills competencies and on the job learning The idea that learning and workplaces had more to do with real lifelong and lifewide aspects than traditional training regimens has emerged in the last decade Since the mid 1990s the field has grown world wide as an area of theory research and practical work that has not only expanded the interest but has also legitimized the area as a field of study reflection and progress The SAGE Handbook of Workplace Learning draws together a wide range of views theoretical dispositions and assertions and provides a leading edge presentation by key writers and researchers with insight into the field and its current state It is a resource for researchers and academics interested in the scope and breadth of Workplace Learning

Practicing Management Alan S. Gutterman, 2019-03-27 A wide range of conceptualizations of management have been offered and it is often difficult for managers to fully understand their roles within the organization however managers striving for effectiveness would do well to invest effort into understanding the functions roles and skills associated with managerial positions In order to be adroit practitioners of their craft managers must understand these basic concepts as well as the different levels of managerial effectiveness how they are measured the styles available to managers and the factors that determine which style might be preferred in a particular instance This book addresses a wide array of topics relating to the practice of management including the roles and activities expected from an effective manager specific managerial skills styles of management management systems and managing in developing countries

Evaluation of management development behavior modeling training program in industry Nancy S. Bostain, 2000

Assessment and Selection in Organizations, International Handbook of Selection and Assessment Neil Anderson, Peter

Herriot,1997-07-07 This is a book for human resource professionals academics researchers and independent consultants who are engaged in assessing other people at work It places assessment in its political economic social and organizational context and provides a critical guide to emergent issues in both research and practice The contributors to the book originate from countries in Europe North America and Asia and provide a vital perspective for the rapid international developments in selection and assessment in the 1990s and beyond
